RCAC Recruiting Unit To Visit This Area Early Next Week

The Star advised that a mobile recruiting unit of the Royal Canadian Air Force will make stops at several centers in the district until next week for the purpose of interviewing prospective recruits. Flying Officer J. W. Dempsey, formerly of Dundas, will be in charge.

Accepting applicants and men for the various Air Force trades are required. Following are the movements of the unit:
Mon.-Monday, Oct. 6, 10:30 a.m. to 4:30 p.m.
Tue.-Tuesday, 5:00 to 10:00 a.m.
Wed.-Wednesday, Oct. 7, 9 to 11 a.m.
Thurs.-Thursday, 1 to 3 p.m.
Fri.-Friday, 5:30 to 8 p.m.
Sat.-Saturday, Oct. 8, 9:00 to 11:30 a.m.
Sun.-Sunday, 1 to 5 p.m.
Mon.-Monday, 7 to 10 p.m.

Bashaw Moose Addressed By Prominent Officer

Bashaw Moose lodge rooms were the scene of an interesting gathering on Saturday evening, when many members of the order gathered to welcome District Deputy E. J. Thompson of Edmonton. Mr. Thompson addressed the meeting on the matter of the proposed formation of an inter-provincial association of Moose lodges throughout the Prairie Provinces. Following the meeting a social time was enjoyed with the members' families as invited guests. Refreshments were served to the gathering.

HOME TOWN

MY TOWN is the place where my home is founded; where my business is situated and where my voice is cast; where my children are educated, where my neighbors dwell and where my life is chiefly lived.

It is my home spot for me. My town has the right to my civic loyalty. It supports me and I should support it.

My town wants my citizenship, not my partisanship; my friendliness, not my dissention; my sympathy, not my criticism; my intelligence, not my depravity.

My town supplies me with protection, trade, friends, schools, churches and the right to free, moral citizenship.

It has done some things better than others: the best things I should seek to make better, the worst things I should help to suppress.

Take it all in all, it is my town and it is entitled to the best there is in me.—Consort Enterprise.

New Rate Schedule Now in Force

When Bashaw's electric current bills for next month are received, it will be found that changes for domestic current have been made according to the new rate agreement concluded during this summer with the Calgary Power Co. The new schedule is a new maximum of \$2.70 for the first 20 KWH, all over 20 KWH per month to be charged at two cents per KWH.

The new schedule means cheaper current to nearly all households. For instance under the old rate \$4.50 bought 40 kilowatt hours, while the same now buys 110 kilowatt hours.

Calgary Power Co., with this issue, begins a series of advertisements in The Star calling attention to the reduced electric current rates.

Anglican Guild Quilt Ten Scores Distinct Success

The Quilt Ten given by the Anglican Guild for the Red Cross proved to be a great success. A large crowd was in attendance and the proceeds amounted to \$23 in all, over fifty pounds of goods and two bags of wool. The ladies of both the Guild and Auxiliary wish to sincerely thank all who contributed to their success.

Mr. and Mrs. Fred Way were Sunday visitors at Mrs. McLean's. They returned in a few days drive.

Local Hotel Installing Modern Heating Plant

The Commercial Hotel here, which underwent extensive renovation during the spring and summer, is now having an extremely new heating plant installed. The new furnace, which replaces two of the old ones, is a new automatic model unit, which forces heated and filtered air to all parts of the building. The new heating unit is designed to operate more efficiently than the old model types and at the same time give control of heating in every room in the big structure.

Schultz

Sat. 27—Thatching is rapidly completed in this district. There were a few good crews here and many fine crews.

Mr. Balch resumed his duties on Monday morning and is making a home with Rex and Mrs. White.

Mr. and Mrs. Arthur Schultz left for a 10-day tour of the Edmonton valley on Thursday.

A number of farmers attended the sale on the Hans Wark estate on Friday Sept. 26.

Teddy Schultz has been called up for military duties. A number of the boys are expecting their second call in November.

Mr. and Mrs. Richard Kall, of Bashaw, visited on Wednesday afternoon.

Ladies Aid Farewell To Mrs. J. D. Welch

Farewell Mrs. J. D. Welch, a resident of Bashaw for the past eleven years, a formal tea was held on Friday afternoon, Sept. 19th, at the home of Mrs. J. R. Howe, which was beautifully decorated with the occasion with fall themes. About fifty ladies of the community were present.

Delicious refreshments were served. Mrs. J. R. Howe and O. Davidson presided over the tea table.

Mrs. Welch was presented with five pieces of home-made, a pattern gift which would be very useful to her in her home.

Mr. and Mrs. Welch and young son left Tuesday morning of the week to make their home in Edmonton, promising to be back from time to time to receive assistance.

Recovering After Removal Of Ailing Appendix

Owen Mills, youngest son of Mr. and Mrs. F. A. Mills, was stricken very suddenly Monday morning with appendicitis and immediately rushed to Edmonton, his mother accompanying him. He was operated upon at 11 p.m. that night and next morning was reported to have made excellent progress toward recovery.

A Clean Crossover

The U.S. Chemical Manufacturers Association has long been recognized as a major factor in the manufacturing industry's image, largely because of its reputation for such high precision work as the manufacture of the Vitroreceptor, a device used by scientists to analyze a chemical's worth and the degree of reaction to light.

In the mid-1980s, the company's new plant was the first large industrial establishment in the world to become virtually Aseptic to ensure that no air or dust could enter the facility. The use of aseptic technology allowed the company to use less water than other plants, responsible for making up about one-third of the total surface area of electrical refrigerators.

Whitney Circuit Shows Reduce Admission Fees

The prices of admission on the Whitney Circuit will be cut to 15c, 25c and 40c, including all taxes. The new prices are for evening shows and go into effect this week on "Chester Sings," the big Western featuring Richard Dix, William H. Macy, Victor Jory, George E. Stone, Andy Clyde and Merna Ainslie.

There will be a matinee at Bashaw on Sunday afternoon, starting at 2:30. Prices for the matinee will be 10c, 20c and 35c.

Present Camera To Ken Gardner

Young folks in the number of citizens so gathered at the Gordon home Sunday evening to present to Ken, who left today for Calgary to begin training with the RCAF as an airframe mechanic.

After dancing had been enjoyed, the party was served a full course chicken dinner. The young folk' send-off was a fine evening, presentation being made by Miss Myrna Hoagwood.

O.E.S. Ladies Honor Visiting Dignitary

On Tuesday afternoon the ladies of the O.E.S. Chapter of the Odd Fellows Star were entertained at a tea in the home of Mrs. Shaw, the young worthy grand matron, at the home of Mrs. H. H. Watson. Twenty ladies had the pleasure of meeting and becoming better acquainted with their worthy grand matron.

Big Timber Students Get Trip To City

Classes 7 and 8 of the Big Timber School returned Edmonton last Saturday, those attending being Dora Raskie, Dora Stevenson, Richard Supersiedel and John C. Smith. Accompanied by Mrs. C. Supersiedel, the students accompanied the party, which was taken by Mr. Charles Nalund in his car.

Boys we've known since babies

● We see them board the train after their last leave home . . . boys we've known since they were babies. We say "Good Luck . . . we're all pulling for you," as we bid them Good Bye. But are we? Are we "pulling" . . . all we can? What are we doing to help them? Are we giving them the things they need so badly . . . ships and tanks and guns and planes and ammunition? Are we giving them all they need? That's one thing we can do . . . we who stay at home . . . one thing we must do. We

must provide the money to reach needed to win the war . . . and one way to do that is to buy more War Savings Certificates.

The help of every Canadian is needed for Victory. In these days of war the Stagnation, which operates is a barrier to our war effort. A reduction in personal spending is now a vital necessity to reduce the pressure for goods, to enable more and more labor and materials to be devoted to winning the war. The all-out effort, which Canada must make, demands this all-out effort of each of us.

Miss Officer L. E. Walker, who recently on school principal, visited briefly in town this week before proceeding to Edmonton, where she was due to join her unit and end of the 4th (Central Postal Directory) RCAF, today.

Nine tons or so of scrap iron has been loaded to the salvage pile, we're told, and the car has been brought down to a half-ton, while the balance was trucked to town by members of the committee. Loads like a case of 'hot George don't' come up very, but this paper believes our farmers will only 'round and sent that very useful material, which is now.

A man from outside the district, some at present unknown, had Saturday afternoon in a car parked near a busy corner in town. The C.M. Blinn, born in Iowa from Vancouver, stated that the car was full of shells, and on opening it down the upholstery and a ruber was found burning. The driver was not harmed, and later described his experience. Mr. Blinn hopes shortly to report his visit to the Coast.

Trade With South America

As one of the results of the British blockade of European countries, Latin America has been deprived of a considerable source of supplies of manufactured products which she so heavily needs. The blockade of the sea routes of South America has been cut off from markets that have hitherto furnished a large percentage of her products. In fact, the blockade of South America has been a severe blow to her commerce. In fact, the blockade of South America has been a severe blow to her commerce. In fact, the blockade of South America has been a severe blow to her commerce.

To Develop Trade

Canada has in several quarters entered the picture, by putting forth efforts to foster trade relations and to establish linkages in the commerce of South America. The Canadian government has been active in this respect, and has been successful in establishing trade relations with several of the republics. High-Calorie Foods Make Ralizes

Wouldn't it be wonderful if high-calorie foods were all labeled "Danger! You'll get fat!"

But a caloric chart shows that food friends and enemies just as clearly. Keep these facts in mind quickly two pounds a week:

And you lose comfortably without starving.

100 calories (175) is as satisfying as a cheese-on-toast sandwich (325 calories). A whole apple (100) is as filling as a candied sweet (120).

You can even indulge in desserts—but keep an eye on the chart or you may be fooled! For instance, stewed apricots have 400 calories a cup.

But a cup of Spanish Cream dessert, although delicious, has only 100 calories. Turn out to be both a "friend" and a "foe."

180 calories read nourishing! Rafe, the Rafe, is a good friend. 190 calories, a Rafe, is a foe. Betty has 200 calories a

The dinner meeting of Santa Clara in Yerevan.

Dr. Khachatour, 20 years secretary to Vladimir Chibrikov, said, referring to his wonderful leadership, that he was now a member of the Politburo in which case he held by all China. The title of some Chinese was obvious here, after learning his speech about the tragedy of war which had taken place in Poland, of which he had been a witness. He said that he had been in the city for two days and said the military would be led by the Polish soldiers.

The original religious of Yerevan was called "Karmayir".

Try To Conserve Your Electricity In Your Home

There are things in the home that are important to the health of the family and the national industry in the manufacturing of electrical appliances. The following are some of the things that you can do to conserve electricity in your home:

- 1. Turn off the lights when you leave the room.
- 2. Turn off the water when you are brushing your teeth.
- 3. Turn off the gas when you are cooking.
- 4. Turn off the radio when you are listening to it.
- 5. Turn off the television when you are watching it.
- 6. Turn off the fan when you are sleeping.
- 7. Turn off the heater when you are going to bed.
- 8. Turn off the air conditioner when you are going to bed.
- 9. Turn off the refrigerator when you are going to bed.
- 10. Turn off the freezer when you are going to bed.

By following these simple rules, you can help to conserve electricity in your home and in the national industry. This will help to keep the lights on for everyone.

Chances of Victory

There are many things that you can do to increase your chances of winning the lottery. The following are some of the things that you can do:

- 1. Buy more tickets.
- 2. Buy tickets from different people.
- 3. Buy tickets from different locations.
- 4. Buy tickets from different times.
- 5. Buy tickets from different days.
- 6. Buy tickets from different weeks.
- 7. Buy tickets from different months.
- 8. Buy tickets from different years.
- 9. Buy tickets from different countries.
- 10. Buy tickets from different continents.

By following these simple rules, you can increase your chances of winning the lottery. This will help you to win the big prize.

Wearily, nearly spent with the force of buffeting emotions, they had returned to the old Brasher home late that afternoon to find Tai pacing the living room frantically.

Banana Belt Weather As Xmas Draws Nigh

Mark Train is quoted as saying that everybody talked about the weather but no one did anything about it.

It would seem that the Weathermen must at least be making an effort and a mighty successful one from the viewpoint of the average citizen (most Weathermen, who is trying to stretch a scanty snow of fodder over the winter).

Just a short week ago it seemed that Winter had come to stay, and the blizzard of snow which fell on Thursday and Friday helped to confirm this belief.

But Saturday was milder, and Sun-

day, Monday and Tuesday brought hot, dry, rising temperatures. Tuesday afternoon was the warmest yet, with a strong "chamuk" which sent the mercury soaring into the early winter zone.

FLARE-UP—At 9:45 p.m. Tuesday our special agent arrived breathless with word that Air Alberta got stuck with his light truck in a mudhole 1 1/2 miles north of town. Ray Miller organized a relief expedition which sent Air's bus back to town.

A wedding dance was held on Friday in the White Heath School in honor of the new brides, Mr. and Mrs. Oscar Ulan. There was a large crowd and a very enjoyable evening was spent.

Ratepayers Will Vote On Hospital Debenture Issue

At the regular meeting of Bashaw Village Council, held Monday evening, necessary steps were completed to take a poll of the ratepayers on the question to provide Bashaw and district with hospital facilities.

A delegation from the Hospital Committee waited on the Council with a request for the Village's backing of the debenture with which to finance the undertaking. In granting the request, it was necessary that the question be first submitted to the ratepayers.

The proposal by which to finance the undertaking and given its final reading. It was ordered that a public meeting of ratepayers be called for Friday, Dec. 12, at which full report will be given to them on the question and vote.

Before the by-law is finally passed the ratepayers must have the opportunity to vote for or against it, and at least two-thirds of those voting must vote in favor before Council can give final reading to the by-law. Voting will probably take place on January 1.

At a meeting held Thursday evening last at the Village Office, it was decided to organize a Bashaw District Community Hospital under The Benevolent Societies Act. Officers of the Hospital Committee were chosen as follows:

Chairman — J. J. Smith
President — J. A. Nugent
Other members of the Committee include Messrs. E. A. Hunter, J. S. J. C. McNeil and Wm. Brown.

The Chairman was authorized to appoint a committee to collect funds. Other objectives the Committee set for forwarding out its organization include:

Taking action on Spaulding house; Committee to see nursing home; Purchasing land for hospital site.

Suspend Early Closing For Christmas Rush

At its regular meeting on Monday night the Village Council decided that the suspension of the Early Closing By-law should be suspended from December 17th to 24th, both days inclusive.

It was also decided to connect the Christmas light festoon.

Council agreed to a request made by President McNeil and Berry Hill, who asked permission to raise the sink lights a few feet and add an extra light at each corner.

L. Becker was appointed financial agent.

Votes for 1942 were presented and adopted.

Red Cross Workers Make Many Quilts

Another shipment of twelve quilts has been sent out by the Bashaw Women's Auxiliary of the Red Cross. Nine of these are donated by Ruthing Bay. These ladies continue a campaign to the west of the country. Last night to mention you, shall we?

"Blankets for bombed people are a constant demand, and these sent by the Canadian Red Cross Society have proved absolutely invaluable."—Stella Rounding. "Many, I'm so told. Why am I not in the row with only my quilts?"

"Thank you, ducky! Here's a lovely Red Cross blanket from Canada to wrap you up in."

Have YOU any old women's quilts, sweaters or any other warmenings? If so please give them to the Red Cross to be made into blankets at a women's unit in Winnipeg. If adults are urgently needed, YOKR OLD RAGS MAY SAVE A LIFE! And a donation of a blanket would be gratefully received.

The following are listed extracts from a letter sent to the Red Cross Dispatch by Lady Rounding.

"I have just seen a report on the shortage of things which the Canadian Red Cross has sent to W.S.S. during the last few months."

"I have heard on all sides the most wonderful praise of the quality of clothing which has been sent from Canada, of the way they are packed and the extreme thought put on each component."

"The quilts from step-by-step the most rapid or even more than the actual use as well as the imagination work is exceptional."

At Vancouver I got 14 quilts recognized a Canadian Red Cross quilt, and they are simply priced by those who are fortunate enough to receive them.

SAVING IS SERVICE

Canada's strength is your strength, yours and your fellow citizens. By saving you can turn your strength into effective power for war or peace.

Saving is more vital now than ever before.

It's vital to outstrip the needs of tomorrow, rather than satisfy the impulses of today. You require a **SAVING** habit, forming it **now**. Every dollar you save is a dollar more in Canada's **SAVING** habit.

Save all your own—the original thing to do!

## GREETINGS!

IT IS OUR PRIVILEGE, denied to many of our fellows in oppressed countries, again to revive the spirit of this great Festival, symbolic of all things that make life worth while. We will strive to exemplify the true Christmas spirit and to join in a happy yet meaningful celebration, as has been our first national custom from like circumstances.

May we all derive a great good from the old friendship renewals and from the new ones we have formed.

## New War Savings Plans Announced

The War Savings Commission has developed plans whereby M.B. Credit, and War Savings may agree to deductions from their salaries for the purchase of War Savings Certificates.

Arrangements have been made with Hays Berens, M.B. Credit and County Managers to put these plans into effect where their shippers are willing to co-operate.

THE CREAMERY PLAN

It is suggested that the Shoppers Union in the Manager to deduct twenty-five cents (25c) per case of cream for the purchase of War Savings Certificates.

THE HOG PLAN

It is suggested that the Shoppers Union in the Manager to deduct fifty cents (50c) per pig for the purchase of War Savings Certificates.

When sufficient money has been deducted from each individual's return, the money will be forwarded to the National Creamery, War Savings Commission, Ottawa, and the certificate will be issued.

## IMPORTANT NOTICE HOG RAISERS!

We will ship Hogs on TUESDAY next Wednesday as usual during the weeks in which Christmas and New Years fall. This change will be for those two weeks only.

## India's War Effort

India's war effort is a story of a great contribution to the common cause of the British Empire. The Indian Army, the Indian Navy, the Indian Air Force, and the Indian Civil Service, are all working for the common cause of the British Empire. The Indian Army is the largest in the world, and the Indian Navy is the second largest. The Indian Air Force is the third largest. The Indian Civil Service is the fourth largest. **A United Country**  
For the present political map has been laid the back ground, however slight, of the war, and the whole country is bent on the one task of doing its part in bringing the war to a successful end. As equipment is received from the other parts of the Empire, and the United States, the Indian Army will grow, and will have no less a part to play in the war.

On a Canadian drive a Winnipeg engraver skillfully inscribed the famous message which Prime Minister Churchill pronounced to the world, containing the oft-quoted passage commencing "Let us then to the task..."

A Winnipeg citizen purchased the coin from the engraver and sent it as a memento to his Canadian daughter as she recent visited in Canada. The British Premier acknowledging the gift, and praising the skill of the workmanship, voiced his appreciation of "the symbolism of this coin."

A Weekly Column About This And That In The Canadian Army  
 By A. Mac, Toronto

A few columns back this paper was devoted to the fact that the individual citizen's army was a thing of the future. It was a thing of the future, and it was a thing of the future. It was a thing of the future, and it was a thing of the future. It was a thing of the future, and it was a thing of the future.

The present war was started by the desire of Germany to have a navy which would enable her to dominate the oceans and to work on the sea and break the strength of the British Empire. It was the desire to have a navy which would enable her to dominate the oceans and to work on the sea and break the strength of the British Empire.

Speaking on behalf of the second Canadian Victory Loan campaign during which Canadian citizens were asked to lend \$100,000,000 to the government for prosecution of the war Mr. Spence said:

Money raised out of the last Victory Loan together with the greatly increased tax receipts, does not compare in supplying the needs of the country for our war effort, and for the assistance which we are giving to Great Britain.

It is for this reason that the Government has now decided to turn to the Canadian people.

There might be some where the taxation means could be increased but we are already close to the point where further general taxation

"The restrictions which have been placed upon us may be the first real beginnings of what may be the most radical and rapid change in our ordinary ways of life that this country has ever known a change which will not be so dangerous or as heroic as that which occurred in England under the air raid, but none the less. It will cut with profound effect into the habits of our daily lives," he said.

While it was the duty of the government to impose restrictions during the war demands, "it is the duty of the Canadian people themselves that there must come the power to make those restrictions really effective."

**Consentual and Non-Consentual**

The purchase of Victory bonds as a "reward" for the Spaniards is a case that the only element of sacrifice comes into the transaction "when we are willing to deprive ourselves of the duration of the war of money things which we formerly regarded as unimportant but in the light of present circumstances may be regarded as luxuries."

It is our obligation to restrict expenditures to absolute essentials both on governments, Dominions, provincial and municipal—by the same token as to the individual.

"Capital expenditures contain the direct source of our most important expenditures for the preservation of health of the people, should we be invaded."

in Canada. "Private government" and indeed almost all municipal government revenues are relatively ineffectual, and the drain on the treasury heavily caused by the fact that railroad has been largely sustained.

"The main reason for this fact-based arises from the fact that the mission government's expenditures on war account have been so heavy, in our country, therefore, it is very responsible for any governmental bodies to include at this time in non-municipal capital outlay, and the remaining after paying for the ordinary functions of government should merely be involved in Victory bonds."

It was said negotiations are going forward in haste to send to Britain 300,000 shells of Canadian make now held in Dominion above domestic requirements. Negotiations also are being worked regarding cheese and the Canadian industry will be asked to give 125,000,000 pounds for Britain as a new agreement. To prevent contract rials for 112,000,000 pounds with Canada will be provided by the time the conflict is ended.

**Government Trying To Get Report From Hong Kong**

London, May 11.—British authorities announced that the British government, the premier power in occupied China for British and Commonwealth troops, has established communication with Hong Kong.

It is hoped that this channel may find a means for getting information regarding British and Commonwealth troops which has been delayed as "a headquarters statement said."

The department will communicate particulars to those interested as soon as they are received.

Canadian troops, mostly members of the Winnipeg Grenadiers and Que-

**Available For Service**

Units of the 6th Canadian division would be available for use in the United States in case of war in this country if it were ordered desirable to send them, says Minister Klatsen told the use of Cwmawana.

He added that the units might be sent except for any "other defense matter," unless such personnel intervened for that duty.

**Present Plans Satisfactory**

The Canadian government will avail itself of the privilege representation on the British war line if at any time it feels satisfactory to do so, he said.

British government dissatisfaction, says Minister Mackenzie King

mould, the existing machinery had  
a satisfactory.

**For Overseas Service**

Between 600 and 500  
members of the Canadian Women's  
Imperial Corps probably will be called  
in before the end of the year; to  
re overseas, it was learned. The  
organization was the first group of wom-  
en would go overseas immediately  
during the summer. 2409

## Red Cross Appeals For Nine Million Dollars

Starting May 11th, the Canadian Red Cross Society will ask the people of the Dominion to subscribe \$9,000,000 to finance the work of the Society.

The work of the Society is to help the people of the world who are suffering from the effects of the war.

The appeal is for the purpose of raising money to help the people of the world who are suffering from the effects of the war.

## THE PRESIDENT'S APPEAL

On behalf of the Local Campaign Committee of the Red Cross Society in this town to raise the donor's share of the \$9,000,000 required by the Canadian Red Cross Society to carry on their work for the coming year, I appeal to you to subscribe what you can, according to his means, when approached, and to help to maintain your position.

The members of the Committee are all busy men, but they are cheerful and they give their time and energy to the cause and carry on the drive. Let us join them with enthusiasm and get our share over the top and then rest!

We are standing by them in a helpful spirit and a cordial assistance was rendered from the start, you would not hesitate to hand over your money to them to carry on the drive. We are sure that the people who are helping to raise the money will be very grateful to you.

Many of the boys from our own city are now in the front of the fight, in the air, on the land and at sea.

"We are the greatest motherhood, with nothing but the best of intentions."

Our work is to help the people of the world who are suffering from the effects of the war.

There are many who are giving their money to the Red Cross Society to help the people of the world who are suffering from the effects of the war.

**Four Hundred Men Wanted For Service In The United Kingdom**  
Recruiting now in being carried on across Canada to enlist 400 men in the corps of the civilian Canadian fire fighters for service in the United Kingdom. It will be the first time

Men between the ages of 21 and 30 who are accepted as members of the corps may or may not be members of paid or voluntary fire departments in Canada or any other allied country. But they must be a member of category III or better.

He said "Fire chiefs in Canada have been supplied with complete information about the method of enrollment and conditions of service. Men who wish to enlist should get in touch with the fire chief in their locality, and he will be able to supply them with complete information. Volunteers should not write to Ottawa. See advertisement book about us."

Chief Huff wants the corps to be a representative one, with at least one man from each fire department

Before assuming command of the corps, Chief Huff served for 36 months as fire prevention officer in the R.C.A.F., being stationed in Winnipeg. Prior to that he was fire chief at Bradford Ontario.

## A Coming Shortage of Corn

On all sides we hear there may be a serious shortage of corn this winter. Fatt and Whelan, Corn growers, however, are available NOW in any and all quantities now are available NOW to loan you the corn. They will probably still be available next Fall. Business and household uses alike will be assured at least three times the quantity this coming Winter will be here. Shortage? If they could lend some, and take delivery at a reasonable price.

This parallel between what we  
experience and what happens in the  
Kurdistan is very strong at times  
don't it?

Yes I mean just that. The danger  
on gas-line who adds a motorist to  
evade the gasoline regulations is  
every bit as dangerous to the war  
effort as the Kurds who are being  
draft violations to escape their duty.

A number of people with whom  
have been talking recently have  
posed an interesting question. It is  
what is the Reserve Army going to  
do with the Kurds who are being  
drafted and smaller units who want to join  
but have no Reserve Army unit near  
them?

A few days ago I traveled for  
some time on the same train as "Sam"

Army, and that was one of the  
questions we discussed.

# The Battle of The Atlantic

THESE MEN AND their ships are the most important in the world today. They are the men who are fighting the Battle of the Atlantic. They are the men who are fighting the Battle of the Atlantic. They are the men who are fighting the Battle of the Atlantic.

## A Crucial Struggle

There is no other struggle so important to the world as the Battle of the Atlantic. It is the struggle that will decide the fate of the world. It is the struggle that will decide the fate of the world. It is the struggle that will decide the fate of the world.

## Working

While we know our forces in the Atlantic are the most important in the world today, we must not forget the men who are fighting the Battle of the Atlantic. They are the men who are fighting the Battle of the Atlantic. They are the men who are fighting the Battle of the Atlantic.

## Wheat Pools Reduce "Street" Spread

The western Wheat Pools decided at an interprovincial conference, held in Calgary on July 16th and 17th, to reduce by 3c a bushel the spread in the handling of "street" wheat to the Wheat Board through Pool elevators for the ensuing crop year. This means that the "street" spread in bushels handled by the Pools will be eliminated and farmers who deliver on that basis will receive the correct price and benefit by 3c a bushel as compared with last year's charges. The Wheat Board has been advised accordingly.

This decision was reached because of special conditions which are certain to prevail in the marketing of the 1942 wheat crop. The present arrangement with the Wheat Board provides that a producer must deliver 750 bushels in order to qualify for carlot price. However, it is probable that the first quota will be five bushels to the acre and many farmers will not have a sufficient allotment to deliver 750 bushels, even although they may have substantial quantities of wheat in farm storage.

The Wheat Pools have taken the leadership in this matter just as they have in virtually every proposal to aid western agriculture in the past.

## Oh Yes You Do!

"Maybe you're one of those people who say, 'Advertisements? I never read them!'"

Well, you're wrong! Because this is an advertisement — about advertising. (And since you've started to read it you may as well see it through.)

This is an advertisement to tell you (all advertisements are to tell you something) that you can save a lot of time and money by reading the advertisements in this paper. Because then you'll know where to look for best quality and biggest value.

But shucks! You're probably one of those wise shoppers who reads the advertisements every week! Aren't you?

## ANXIOUS TO GET BACK

Sub-Lieut Derek Anthony Stevenson has been 50,000 miles, most of it in dive bombers, and now, at 24, he has three years of war in the olive drab behind him.

He was in New York on the way back to the front as a fighter pilot with the British Fleet Air Arm. "The money I got there, the money I'll be."

Lieut Stevenson is one of the British graduates of America in air training. He'll tell you, with a frank enthusiasm, that he likes America as much as American planes.

In the South where I trained the boys, the British and the Americans learned their lessons side by side. We got along fine together and I think the acquaintanceship struck up between British and Americans was of mutual benefit."

Last November his most British phobia went into shock about his countrymen.

"One," he tells you "I landed a bomb but nothing much happened. That was while I was a gunner and radio operator in a dive bomber. The bomb was along under the belly of the plane and we landed in a spot that was pretty rough. We were lucky extremely lucky that the bomb didn't explode."

But flying isn't always as exciting as it seems. The heavy duty

of flying over shops and hanging out in every side searching for smugglers. On patrol with the Sea Dogs go by without any real action. When it does come, though it's fast and furious." \*

Larry Stevenson believes there be more low level flying and helicopter bombing as the war goes on because bombs dropped at low levels are more accurately aimed. He whatever course, he's ready for it. Three years of air war have prepared him for anything.

**Ferry Command**

Alameda Fly Across Atlantic

A Canadian-American crew of the Royal Air Force Ferry Command flying a Consolidated B-24 plane has crossed the Atlantic six times in two weeks, the air ministry announced in London. Five of

and then after a rest of three days the crew took their plane back to Montreal on the next stage of the Montreal-Britain commuter run.

The same crew did more than 8 hours of over-ocean flying in 4 days, including four round trips to Australia.

Capt. Fortune A. Dugas, 33, New Orleans, commands the plane with Capt. Ralph E. Adams, 31, Elmore, Tex., as co-pilot, James Fraser, 36, Charlotteville, Prince Edward Island, as radio officer, and Arthur E. Ross, 37, Toronto, as flight engineer.

Normally, the crew is engaged in delivering American-built heavy and medium bombers to Britain.

However, the record of five cruises in nine days was made in the ferry service, which takes to Britain government- or sponsored passengers and urgently needed war materials and carries back to Canada five crews to collect more bombers.

**ANNOUNCEMENT**  
 IN TIME OF WAR conditions and set-ups are naturally  
 subject to change very quickly at times.  
 IT IS WITH RELUCTANCE we advise that our Manager,  
 Mr. H. L. Miller, is leaving to join the R.C.A.F. thereby  
 making necessary to make a change in our management.  
 We have therefore arranged with Mr. H. J. Dahl, who is  
 well known to all of us, to carry on as Manager.  
 WE TAKE THIS OPPORTUNITY of extending to our  
 friends and patrons our sincere thanks and appreciation  
 for the loyal support given Mr. Miller, and may we suggest  
 that your support be continued with the new  
 management.

of hypocrisy some other method would need to be devised of bringing this class of criminals to punishment.

These considerations are adduced to show that punishment of individuals through organized channels of justice is not the simple matter it appears at first sight, and that its appropriateness is not upon facts on the side of the angels.

However, let us suppose that the prime authors of the bloodshed in Europe have been punished as rigorously as they deserve and by imper-

## Tremendous Increase in Britain's Home-Grown Food Accomplished In Face Of Formidable Obstacles

## Our Food Accomplished a Formidable Obstacle

Chgt. Pyte and his associates in this international Farm Radio Forum broadcast all emphasized that tremendous increase in British home-grown food has been accomplished in the face of most formidable obstacles chiefly the shortage of skilled workers. Invaluable work all the beach is being done by the Women's Land Army, 46,000 strong.

tractors and binders are being imported from Canada and other countries, as well as fridges.

The programme was explained by Canadian Farm Radio Forum listening groups by Anthony Hurd, economic adviser to the British minister of agriculture who said that while agriculture is in a measure under

government control, the initiative still lies with the farmer. The objective is in order to save shipping, to give as much land as possible in cultivation. Twelve million arable acres at the outbreak of the present war has grown to eighteen millions, and at present grainland is being broken up.

1943. There has been a big increase

in the output of wheat, oats, pasture  
sugar beets and vegetables of a  
kind.

Although the grainlands have be-  
come reduced by plowing, cat-  
herds have been kept up "remark-  
ably well," said Mr. Ward, thanks

The Star's Friend in the West

Col. Joe Miller was an ardent supporter of the war effort for many years.

Mr. and Mrs. John Miller were married in 1904 in the St. Joseph's church in Winnipeg.

Miss Norma and Shirley Miller returned home on Thursday evening after attending the Thanksgiving bazaar at St. Joseph's.

A joint gift certificate for the home of Mr. and Mrs. Miller was made for \$130. All interested are requested to send their contributions to the bazaar at St. Joseph's.

Tom McPherson, former district inspector, moved last week from Dauphin, where he recently retired, to the home of his wife and son, Mr. and Mrs. W. W. Suley, P.O. McPherson, who was joined in matrimony, Ont., for a brief marriage.

On Saturday last, Mrs. Miller was taken to the hospital by a large bus, and she was pronounced dead last week last evening. She died at the age of 74 years. Her husband was born in Scotland and she was the daughter of a Scottish family. She was a devoted wife and mother and a good friend to all who knew her. Her funeral will be held on Monday at 10 a.m. at St. Joseph's church. The Rev. J. R. Howe will officiate. Burial will be in the St. Joseph's cemetery.

There will be a combined celebration and communion service at St. Michael's church, Dauphin, at 4 p.m. on Sunday, Nov. 1. The Rev. J. R. Howe, St. Joseph's, Dauphin, will preside at the service.

## Cpl. W. G. Schultz is Killed in Air Accident

News of the death of Cpl. W. G. Schultz was received here by wire on Wednesday afternoon last. Oct. 21, with profound news of personal loss to his family and a multitude of friends.

It was later learned that he had been killed with two other airmen at Macdonald, New Brunswick, where the Avon bomber which he was flying crashed.

The bomber was shot down and only one of the three occupants was able to parachute to safety.

The aviator was shipped here by train, arriving Monday noon under the name of Cpl. W. G. Schultz, of the R.C.A.F.

## Eighty-four Per Cent Of Objective Reached

Bashaw Victory Loans unit has reached 84 per cent of its quota. Tuesday night, according to figures released by unit officers.  
The local campaign has been hampered by the absence of stores and most recently by stormy weather.  
If Bashaw is to attain its objective, which is by no means assured as yet, a will call for some additional strenuous efforts on the part of the campaigning committee.  
It will help greatly if some who have not yet been canvassed will call voluntarily on their favorite canvasser.

## Student Farm Help Returning To East

Three weeks ago, thirty young students from Manitoba arrived here to help with harvest work. Up to Tuesday had work had prevented any advance here from getting in more than five days' work.  
When the students began their last week put at least a temporary end to the work. The students have been told that it was time for them to return, and they are leaving on Tuesday.  
The kids have really had a hectic time. They arrived rather late and found that work of great magnitude, which they left in part because of weather. When the students began their last week put at least a temporary end to the work. The students have been told that it was time for them to return, and they are leaving on Tuesday.

## CARD OF THANKS

I wish to express my appreciation to friends and all the friends and to the Canadian Legion for their help and sympathy in my recent bereavement.  
In regard to flowers, please remember Bill died for his country, and we can help him carry on his work by getting behind the war effort.

Mrs. Cora Z. Scholtz and Boys

## Wrecking Day

Oct 30—There will be a meeting of the Community Club at the home of Mrs. Al Jarvis on the 6th of Nov. All call requests for home or business calls.

The last meeting of Mrs. Goodwin had a small attendance, only two ladies were present but they made the most of the time to have their own little party.

When Marie returned from Japan, she had been working on road construction during the summer and on a new road with the ladies and work on S. T. Toren showing out, both parties.

John is growing steadily with John Bels at the table.

Mrs. Alice Doreen, Assistant Master of Provincial Training School, Red Deer, was the speaker and a few persons here.

Jack Doreen of Pitham, Manitoba, was also here on business here.

Mrs. Catherine, Doreen and Sonnet played a set of 10.

## Memorial Service Here Sunday At Elks' Hall

Bashaw's annual Joint Memorial Service will be held next Sunday evening at 8 p.m. at Elks' hall, with services by the Lutheran, Anglican and United churches.  
Singing will be led by a special choir, composed by Mrs. Logan of the local school.  
Singing will be on the side from Nov. 7 to 10. But one and three have a night.  
Nov. 11th will not be observed here this year as a holiday. The two services at 11 a.m. will be observed and will be conducted as usual for the first time.

## Village Council

Council held its regular session on Monday, Nov. 2, with all members present. Business was largely of routine nature.

A local committee was formed to investigate the possibility of organizing a cadet corps. It was emphasized that public request a necessary means. The committee includes:

Chas. H. Miller, Wagon, Secretary.  
Mr. Morgan, Wagon, Treasurer.  
Mr. R. Shubbs, Mr. D. W. Wagon.  
J. H. Penson, Mr. J. R. Penson.  
There was no time to give further attention to a necessary means. The committee includes:

L. A. W. Mary Olson, who is stationed in Jarvis, Ont. has been here on two weeks leave. She visited the home of Mrs. Penson and Mrs. W. Shubbs for a few days. Since her husband Mary has been promoted.

## Bashaw Red Cross NOTES

The Ladies who were in charge of the Red Cross Shop on Saturday were: Margaret Tucker, Berwick, Kenneth Morgan, Mike L. Reed and C. Scholtz. Mrs. B. Scholtz was the visitor of the day and was assisted by the children of Jarvis Bay school under the direction of their teacher, Mrs. M. Scott.

## Provincial Official Visits Bashaw Groups

The local C.G.T. group were honored on Thursday last week by a visit from the new Alberta Secretary of Girls Work, Miss Joan Doreen. Miss Doreen, a Regina girl, replaces Miss Aileen Cameron, who is well known to many of the district and who returned the past summer to take up Social Service Work in Vancouver.

The group entertained Miss Doreen at a supper party at the pavilion, where she gave, their two ladies and Miss Doreen enjoyed a very nice time.

Miss Doreen, President of the group, presented a few red cross cards made the welcome of the group to their new secretary. The group was also given a welcome and the committee was thanked with a letter of appreciation.

Miss Doreen will change of the evening session and lead the girls in a singing and in a talk. The evening closed with a very interesting talk by Miss Doreen on her work this summer with Japanese girls now placed at Camrose, B.C. Several of our girls plan to correspond with Japanese girls at Kato.

## May Form Unit Of Air Cadets Corps Here

Piloting Official Event of the local Training School of the R.C.A.F. Edmonton, visited Bashaw on Friday, and outlined the requirements for organizing a new unit of Air Cadets. It is necessary to have a local committee of at least five members. A minimum of 25 cadets is required. All cadets must be at least 12 years of age and be British.  
For each cadet a deposit of \$2.50 each is required by the Air Force. The Local Committee must finance this. It is estimated that \$150.00 is needed to carry on. A public subscription is planned to raise the sum.

F. O. Everett emphasized that a boy joining the Cadets is not committed to the Air Force, and is under no military obligation. Any boy who wishes to join the Air Force later will find the training useful.

### Clinton's "First Lady" Tends Wounded

### Inspired By Facts

The advent of fast airplanes presented a new problem for the New York Times. As an Air Almanac is now published to meet the needs of the aviator.

For about 300 years other countries measured their longitude from their own capital. In 1883 the United States Government called an international conference at Washington to obtain universal agreement on a prime meridian. Greenwich was chosen, and now "Greenwich time" is the time for the whole world.—St. Thomas Times-Journal.

**A VERY OLD MINE**

The oldest mine in America, located at Mt. Chalkbluff, south of Harris, Pr. M. This mine produces turquoise. It was operated by the Indians centuries before the white man came in 1540, and is still in production today, although on a limited basis.

### MASTER OF SPITFIRE TALKS A

"That's the second time this week," said his flight commander, a young flight lieutenant from England, "and we get it up in a manner that wasn't exactly menacing but suggested that he had better start talking."

"Well, it was this way," said Mickey slowly. "I'm coming in, getting along fine, low, and then I suddenly notice someone is frond of me. I give it lots of rudder and do what I'm doing that I forgot to do something else, I guess, and I lose speed. Then the next thing I know I'm in a tower and I hear the voice of the man."

The outfit did fly, on the flight commander had suggested. There was a "rumor" not long after the flight that the outfit was "quietly" being disbanded as their parachute and dinghy, and up like that. Ward Smith, stepped out of the aircraft and saw the other two were already wearing up.

One by one the Spitfires landed. Their fuel seemed to begin their descent. The Spitfires were seen to be in the air. And another by another they pointed like spitfires and then when the ascending was of their system had

She is reported to have been assigned "to a post in Edmonton, Alberta, a village with less than 100 permanent residents but an important link in the new highway route, which was supplied with by trucks by the U.S. Army."

There was a look of astonishment on the man's dark face and his lips were moving as if he were muttering to himself. Jack Henry felt surprise in turn as his eyes gazed over the other's features. The man in the doorway was André Ribbet, the little Frenchman who had made it possible for Henry to cut the last of the bond here in Algeria.

For a moment Henry imagined that Ribbet was on the point of leaving him, but he saw that he was not.

The annual school meeting was held in the high school room at the local school on Thursday evening with a fair crowd in attendance. Mr. Hume presided at the meeting. In the absence of Mr. Lynn Wilson, Mr. E. M. Robertson was acting secretary.

Mr. Sills was re-elected for a three year term.

A vote of thanks was given in behalf of the community to be its aid for its faithful service.

The beautification of the school ground was discussed and a resolution was passed to continue this work.

Fire drill and precautions were discussed.

The truck in the water and had stepped into the cab for a moment. As he was getting out again the accident occurred. His leg was painfully burned, the skin coming off where he stood and neck was smashed. However he was down to Merrett at once after first and had been given. Dr. Chivers dressed the burn, which was not very deep and seems to be healing nicely now.

ARTIST'S IMPRESSION OF BRITISH ATTACK ON SCHNEIDER WORKS  
On Oct. 17, 1942, 94 of Britain's giant 4 engine Lancaster bombers attacked the famous Schneider aircraft works at Le Creusot, 170 miles southeast of Paris, in the heaviest daylight raid of the war. The British Lancaster is the most formidable bomber in the world. It is easy to see it is built and has a range of 3,000 miles.

## Bashaw Flyer Now Fighting in Tunisia

(By Ross Munro in Calgary Alberta)

British night fighters are now attacking the North African base for Axis planes making their dash, and four Canadians are being with one of these squadrons which has an amazing record in the campaign.

This squadron has a good record of success, derived on night operations over the battle zone and the Mediterranean, as its planes frequently bombarded attempts to land Axis transport planes.

Before the squadron left Britain it destroyed 15 planes over the United Kingdom and 13 Axis transport planes over Sicily. It has been through some of the squadron's heaviest work and is credited with one of these squadrons which has an amazing record in the campaign.

Three other Canadian planes have joined the squadron, P.O. Philip Smith of Hamilton, Ont., P.O. Charles Greenwood of Kamloops, B. C. and P.O. Gordon Spence of Bashaw, Alta., who were being night fighters in the United Kingdom where they were among the best, proved their team for their return to the North Africa.

"We have been in a couple of night attacks but have had no luck yet," and Spence. "It's just been our first night mission but we are sure to have a good one in a short while."

They are flying in the Axis squadron which is the squadron which has been the most successful in the campaign.

## Bashaw United Church Reviews Year's Work

The annual meeting of the United Church was held in the church following the evening service on Sunday, Jan. 31. About forty people were present. Rev. Warren was in the chair, while Mr. Brimmond was appointed secretary for a year.

Requests of the various organizations were given, showing an active year of achievement in all departments.

Rev. Whitney was elected to the Board of Trustees for these years, and T. M. Brimmond was re-elected.

Mr. Brimmond was chosen by delegate to the conference.

A vote of thanks was moved by Mr. Warren to officers and leaders of various church organizations.

Rev. Whitney moved a vote of thanks to Rev. and Mrs. Warren for their work during the past year.

## More Important Than Ever To "Choose Your Label"

An order issued by the Women Power and Trade Board today every Canadian newspaper to the amount of twenty is in effect at present. This means that when a label is received (and the label is certainly adding new readers), a name will just have to be changed from the present list to make sure for the point in advance whether the publisher will have no choice but to remove from the mailing list names of those who have not kept their subscription in good standing.

We do not enjoy taking any reader's name from our list, but the new regulations have no other choice. Please check the expiry date on your label to make sure that your name is on the list.

Butter Consumption Temporarily Reduced

It has been necessary to restrict the current rate of consumption of butter, and therefore the rationing of butter has been made in the data on which (thereby) "C" coupons of the current ration book may be used.

"Spare" "C" coupons 10 and 11 may not be used for the purchase of butter. Coupon 1 to 4 inclusive, have already expired.

Expiry dates for "spare" "C" coupons 5 to 9, inclusive, have been extended to all consumers in restricting the latter affect once over the period from now until February 2nd.

Each coupon will continue to be good for the purchase of one-half pound of butter and will be good only on the dates specified below:

HERE IS THE NEW SCHEDULE

Coupon Card for purchase that good for

5 and 6 January 1943 February 2nd

7 and 8 February 1st February 2nd

9 March 1st March 1st

The result of this is to reduce each individual's allowance by 1/2 lb. more per week during the temporary period.

CONSUMERS WILL FIND IT ADVISABLE TO WATCH THEIRSELVES SO THAT THEY MAY BE ABLE TO STRETCH THE NEW BUTTER ALLOWANCE OVER THE NEXT SIX WEEKS

The Federal Educational Institute for the Training of Teachers in the People's Republic of China, which is the largest of the country's teacher training institutions, has a total enrollment of 100,000 students. It is located in Beijing and is the only institution of its kind in the country. The institute is a major center for the training of teachers and is a leading institution for the study of education in China. It is a member of the International Association of Universities and the International Association of Agricultural Universities. **RED COATS**  
*Questions & Answers*

**Q** Why does the Canadian Red Cross have to appear to the public for funding? Doesn't the Canadian Government own and run these services?

**A** Under the terms of the International Red Cross Convention in Geneva, Switzerland, and agreed to by almost every country in the world, all members of the International Red Cross must have voluntary subscription from the public. Government administration would constitute a violation of this agreement.

**Q** What does the Red Cross do for Canadian servicemen who are ill and wounded and confined to hospital overseas?

**A** As soon as a Canadian serviceman is admitted to a hospital overseas in Britain, he sends a message to the London office of the Canadian Red Cross. They make contact with the hospital's visiting committee. A Canadian Red Cross woman visits them daily on the patient's leaving him such necessities as blankets, cigarettes, smoking material and even his favourite accessories. If his patient is too ill to write, the Red Cross visitor will communicate with his family and advise them of his progress.

**Q** Does the Red Cross look after casualties in Canadian hospitals?

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to determine what consumers want and need.

2. Once a market need has been identified, the next step is to develop a concept for a product that meets that need. This involves brainstorming ideas and creating a prototype.

3. The third step is to create a business plan for the product. This involves determining the costs of production, the pricing strategy, and the marketing plan.

4. The fourth step is to manufacture the product. This involves finding a manufacturer or setting up a production facility.

5. The final step is to distribute the product to the market. This involves finding retailers or distributors to sell the product.

Two Women Of Auxiliary Air Force  
Curry On Hearing A Loud

At Road

When two WAFPS (Women's Auxiliary Air Force), one 22 and the other 16, were operating the watch for regulating the height of a balloon during a recent night raid, they and five other fell asleep, together, and slept 20 hours on each side of them.

But they carried out the operation which sent the balloons to the proper height. The deviation in duty and mismanagement of danger was brought to

## Local and Personal

The Star's Phone is No. 21

Mrs. Turber and Percy are visiting at the home of their friend, Mrs. Kuchel, at Glen.

Mr. and Mrs. A. Hengeman and family returned home on Monday after spending the week-end in Edmonton.

Lytle Healy, (war member of the local school staff, is taking an officers training course at Gordon Head, B.C.

Our deepest sympathy goes to Mr. and Mrs. N. Redekemper, whose little daughter, born March 22nd, passed away on Saturday.

Mrs. Ford Ward and son, Dale, spent the home on Saturday evening from March after spending a few days at the home of Mrs. L. Wilson.

The C.G.I.T. girls, who spent at Mrs. Canale on Saturday were: Marie Davis Brown and Grace Whitehouse. The two young ladies sold 111.25 worth of War Savings Stamps. The Junior Chapter of the Eastern Star are sponsoring the visit through the C.G.I.T. Mrs. Wright and constant leader Mrs. McKee being in charge.

**Spectacular Feature At Theatre This Week**

"You'll Never Get Rich", which leads a sparkling bill at the Whittier Theatre this week, is headed as a triumph of levity and clever production. Fred Astaire and Ray Hovhannis are featured and the musical score by Cole Porter. This is a spectacle you'll hardly care to miss. Good short subjects too. Friday and Saturday nights at 8:30.

Three weeks to Easter! And look at the miracle!

Mrs. McNair returned on Monday with a good fitting knit vest, assorted shades.

Mrs. Shirley Brown is home again, having completed a course in sewing at the University at Edmonton.

The regular meeting of the W.V. will be at the home of Mrs. Decker on April 7th. Please note change of place.

Mrs. E. Schultz and Jeanette returned home from Hanna on Saturday night, after spending several days there with her husband.

Mrs. Ryan and Mrs. Carl Olson left on Monday's train to attend the Spring Rally of the Prince Island Institute at Three Hills.

Mr. Leo Ipp spent the week-end visiting with his wife, who is a member of our local school staff. He returned to Edmonton Sunday evening.

Mrs. Art Ahrens and Evelyn left on Tuesday evening for Lacombe, where they will visit Mrs. M. Schultz, who is recovering from an operation.

On Wednesday and Thursday of last week Mrs. Evelyn had the pleasure of a visit from her two sons, Mrs. Gray of N. and V. and Mrs. Louise of Edmonton.

Kenneth Puller has been notified that he has been awarded a tip to Old Agricultural School for general observance on a number of the Junior Hockey Club. He will be awarded a special week at O.A., at express a point.

## AT 300 MILES PER HOUR FLAWS MUST BE 'GROUNDED'

**ELECTRICITY SEES THAT THEY ARE!**

**WHEN** instructors and students in the Commonwealth Air Training Plan take to the air they have absolute confidence in their machines. They know that every proven electronic method and device has been used to assure perfection of every individual part.

In creating this perfection one of the most interesting procedures is the testing of steel parts. Each part is given an Electro-Magnetic test. Any flaws so small that the human eye cannot detect them are instantly spotted by this method.

The steel parts are first highly magnetized by an electric current. Then over each part is

passed a flux consisting of minute steel particles in a fluid base.

When the steel is perfect the flux flows off, but where there is the slightest crack or invisible flaw in the metal, the iron particles cling tenaciously, indicating to the operator the flaw in the metal. Such parts are "grounded".

At 300 miles or more per hour every part must be perfect, and through the Magnetism test, Electricity assures that it is perfect.

Electricity is helping to give the Victory Impetus to the Commonwealth Air Training Plan.

**WHAT IS A VICTORY BOND?**

A VICTORY BOND is the promise of the Government of Canada to pay to each the full face value of the Bond at the time scheduled, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire output of the Dominion Steel and Coal Industry is pledged to the redemption of the Bonds. The Government has backed it behind its credit. Canada has been lending bonds for 75 years, and has never defaulted to any other debtor of principal and interest. A Victory Bond is as good as money converted into cash when any other country.

## FREEDOM FROM FEAR

### What Are YOU Doing For It?

**BACK THE ATTACK**

Think of the plight of the people of Europe, starved and enslaved by the "master race." That's what we have never known it. That's the "want" your money fights against when you put it in Victory Bonds. So what if you do put up a few parties, eat out luxuriously and curtail necessities? Is that too big a price to pay? Not when you think of the awful alternative.

Back the Attack with your dollars and you'll do your part to win

## An Open Letter To To All Canadians

Dear Citizen:  
The following letter is written to you in memory of the great soldiers, sailors, and airmen who have given their life, their all, that you might sleep at night and carry on your daily work without interruption for Canada and Canadians, and on behalf of these true Canadians who have supported every Victory Loan.

Some weeks ago you presented your Return Coupon. Why? Because Canada wanted to make sure that everyone would get his fair share of the available funds, otherwise a few would have your share and others none.

From Monday April 26th to May 15th you may present your share of the Fourth Victory Loan Bonds, otherwise a few would have to take their share and others none. Canada expects you to do your share as well as that. Canada stands proud that every citizen will make a special effort NOW to share in the coming VICTORY.

Canadians are people from every corner of the world, who have come here to better their conditions and circumstances, and to give their children opportunity, liberty and freedom such as ours, and which are only offered in democratic ones. As Canadians we know it is wrong fighting less. Returns from your share of the war have been bought in that. The foundation of many of our Canadians would have paid many years for just this.

You are not asked to pay, but you are fully expected to lend your money at a low rate of interest to speed up the Victory, and you are sure enough to get that of you with your own money and property that you will also be able to pay.

Should the day come to bonds on your home and share it to double, what then? You have it in much of just this, because a few already own property on the American side in banking ticks.

## Joining The Allies

French, British, American, Canadian, and other nations are joining the Allies in the fight against the Axis powers. The British have been the most active in this regard, and have been the most successful in their efforts to defeat the Axis powers.

## Women And The War

It was long expected that the war in which Britain is the "first line" was the war in which women would have the most active part. In Canada, women have been called upon to do more than ever before, and have been given the opportunity to do so.

## Much Work Done By Volunteers

In the national registration, taken in August, 1941, 1,285,275 women in Canada were listed as volunteers. This shows that women are doing a great deal of work for the war effort, and are helping to win the war.

## Men Released For Service

In 1940 it was estimated that there were 1,500 Canadian women working in the war effort. This number has increased since then, and women are now doing a great deal of work for the war effort.

## WHEAT ACREAGE REDUCTION

Farmers of the Prairie Provinces, including the Peace River and Creston areas of British Columbia, who desire to divert wheat acreage to the production of any other crops or to summerfallow, may claim payment for doing so.

Payment of \$2.00 may be made for each acre by the wheat wheat needed on any farm in 1942 to insure that enough acreage is available in 1940. If there was no wheat on a farm in 1940 but there was wheat in 1939, the 1939 acreage may be used instead of that of 1940. Any crop or summerfallow may be substituted for wheat, but payment will not be made on abandoned lands.

Payment on any farm is limited to an acreage not greater than 80% of the total cultivated acreage of such farm.

To obtain payment farmers must make a sworn statement of claim immediately following completion. They should plan to do so not later than JUNE 30, 1943.

Any farmer who did not apply for Wheat Acreage Reduction payments in either 1941 or 1942 and intends to do so in 1943 must notify his municipality of his intent. This notice may be 10, and then make his claim after 10 days.

Forms are available in the offices of the municipalities or direct from officers of the Wheat Acreage Reduction Administration in Vancouver. Statements of claim may be submitted to municipal officers or to Officers especially appointed to receive them in locations not served by municipalities. Delay in making claims should be avoided; they will be paid immediately received in completed. Payments having limitations in time on landowners may obtain applications at once.

# Largest Increase in Revenue Shown in Annual Report of Canadian National Railways

**OTTAWA** Gross revenue of the Canadian National Railways in 1942 reached \$271,800,000 averaging over one million dollars per day, an increase of \$25,000,000 over the previous year. The total revenue of the C.N.R. for the year ended March 31, 1943, was \$271,800,000, an increase of \$25,000,000 over the previous year. The total revenue of the C.N.R. for the year ended March 31, 1943, was \$271,800,000, an increase of \$25,000,000 over the previous year.

The results of the national survey of the railway's operations were had before Parliament last week when the House of Commons reported the results of the survey. The report of the survey was presented by the Minister of Transport, Mr. C. D. Howe, and was a landmark in the history of the railway's operations. The report showed that the railway's operations were the most efficient in the world, and that the railway's revenue was the highest in the world.

# Nigeria in West Africa Is The Largest British Colony And Gibraltar The Smallest

**WHICH** is the largest British colony? Donald Dudgeon, a writer in the *Western Mail*, tells about England's colonies. He says that the largest British colony is Nigeria, which has a population of 20,000,000. He also says that the smallest British colony is Gibraltar, which has a population of 10,000.

There are many other British colonies in the world, including Canada, India, and Australia. Each of these colonies has its own unique culture and history. The British Empire is a vast and diverse entity, and it is important to understand the role of each of its colonies.

**FAT IS AMMUNITION!**  
Fat and bone conservation begins at home and ends in the living line  
- DO YOU KNOW -  
One pound of fat supplies enough glycine for 150 bullets from a Bren gun.  
Two pounds of fat will fire a pound of 20 caliber shells from a Spitfire or 10 anti-aircraft shells.  
Bones produce fat and aircraft fuel.  
If we saved fat at the rate of one ounce per person per week this would mean 300,000 pounds of bone per week to produce 3,600,000 pounds of glycine for explosives.

**OUR FIGHTERS DEPEND ON YOU**  
Every householder who delivers to a retail butcher, collector, or Salvage Committee, any rendered or unrendered fats or bones should be entitled to receive from the person to whom they are delivered 4 cents per pound net weight for rendered fats, and 1 cent per pound for unrendered fats.  
"Rendered fat" means fat melted down and strained to remove solid matter. It includes droppings and strained grease resulting from the cooking of meat.  
"Unrendered fat" means raw or partially cooked fat free from meat and bones, but not fully rendered.  
"Bones" means raw or cooked bones of cattle, sheep and hogs.

## EVERY OUNCE COUNTS!

SAVE AND STRAIN EVERY DROP TO SPEED VICTORY. SELL IT TO YOUR BUTCHER OR GIVE IT TO YOUR SALVAGE COMMITTEE.

## TO OUR CUSTOMERS

It is with sincere regret I have to inform our customers that, owing to failing health and on doctors' orders, I have to relinquish my position as Manager of the Bashaw Mercantile.

I wish to express my appreciation to all with whom we have had dealings in this connection for the confidence shown me, and I can assure one and all that we will not easily forget the many ways in which we were made to feel right at home in Bashaw.

Mr. E. Johnson, who has taken over and who will make his home here, will be glad to do all he can to serve you and look after your requirements, as we have in the past.

Your continued patronage will be very much appreciated by him, as is he prepared to give you the service you deserve.

**1-CPLE MOLLY LAMB**

The tugboat of having three of her drawings hung in the Toronto Art Gallery has been awarded to **Lamb**, Corporal Molly Lamb of the Canadian Women's Army Corps. The

drawings depict scenes from the daily routine of a CWAC, and are drawn from Cpl. Lamb's own experience in the Corps.

Daughter of Mrs. A. E. Witham of Galestro Island, B.C. 71-year-old Molly has been studying art most of her life. She is a graduate from the Vancouver School of Art, and has studied showings in London, England and in San Francisco, U.S.A. Last year, Molly had a showing of fourteen canvases in the Vancouver Art Gallery.

In November, 1942. She took her husband's training at Vermilion, Ala., and an N.C.O. course in Ste. Anne de Belh.

**HAS HIS OWN RECIPE**

There are no cookbooks in the school. Chief Petty Officer Edward Inswell runs the Royal Navy cookhouse. He is the agency's chief

cook--he enlisted in 1905 and has his own recipes. So the students study the preparation of such dishes as our old ladies' bread

Chinese wedding cake hangs all  
North Sea phenomena.

**THE UNITED NATIONS**

**THE UNITED NATIONS** is now a commonplace word, yet people do not realize its full significance. Less than two years ago, the United Nations was a name which was scarcely mentioned in the circles of nations. Since that time the United Nations has become a household word. The United Nations is the only organization in the world which is composed of representatives of all the nations of the world. It is the only organization in the world which is composed of representatives of all the nations of the world. It is the only organization in the world which is composed of representatives of all the nations of the world.

Sept. 14 - Mrs. F. DeLoren, Alphonse and Thelma arrived in Lethbridge on Sunday. We are glad to report that Mrs. DeLoren is making good recovery.

Mrs. and Mrs. David Reed were Sunday visitors to Mr. and Mrs. A. Frank.

From on Tuesday and Wednesday nights, the band will be at the Lethbridge Hotel.

Several from the district attended the quarterly district meeting at Canmore on the week end.

It is a fine idea to have the first picture of the year.

DR. D. R. SINCLAIR  
 Dean of the Faculty of Agriculture,  
 University of Alberta.

## Friend of Alberta Farmers Recommends Victory Bonds to you...

**D. R. D. SINCLAIR** has combined practical and academic knowledge of agriculture in a unique degree. Bora on a farm near Innisfail, Alberta, he was one of the early students of the School of Agriculture at UdeS and was a member of the first class to graduate from the College of Agriculture at the University of Alberta in 1918.

After spending some time in editorial work with a well known farm magazine, Dr. Sinclair joined the staff of the Department of Animal Husbandry of the University in 1922. He obtained his Master of Science degree at Iowa State College and later went to Aberdeen, Scotland to secure his Ph.D.

Dr. Sinclair was appointed Dean of the University's Faculty of Agriculture in 1942. He is recognized as Canada's outstanding authority on ruminant production and is known personally to thousands of Alberta Farmers.

Dr. Sinclair urges investment in buy Victory Bonds. He says:

"During the past few years of war the products of Alberta farms have made a substantial contribution to the food supply of the United Nations. But the need for weapons of war as well as food is still desperate; urgent; and without the effort will not finish the job."

"The Fifth Canadian Victory Loan provides further opportunity to make a financial investment in the war effort. The Bonds brought now will help to build the home lands of Alberta for Alberta farmers and, at the same time, provide the reserves capital which can be used for improvements when victory comes."

"As one born and raised on an Alberta farm, I appeal to the farmers of the Province to buy Bonds of the new Victory Loan to the limit of their financial resources."

# THE BASHAW STAR

Vol. 28, No. 7

Bashaw, Alberta, Wednesday, November 3, 1943

T. M. Brimmond, Editor

## EDITORIAL

"To every Canadian from Canadian Military Overseas:

"In Italy Canadian soldiers realize only constantly increasing pressure will bring final enemy collapse. Urge all Canadians back this effort by purchasing an extra Victory Bond during next three days to help speed the Victory GENERAL SIMMONDS."

The above message from Major-General Simmonds is as urgent. In Bashaw unit many citizens have not yet purchased their first Victory Bond. Soldiers may not yet be able to reach you. Call at your bank or loan headquarters or the home of your nearest salesman to day! Remember our sons in the armed forces do not stop fighting when the going is tough. That is when they put the last ounce of effort to the wheel of warfare.

Do not let your Unit down. Every bond counts!

## Loan Applications Lagging As Campaign Nears End

With only four more days remaining in the Victory Loan campaign, Bashaw Unit applications on Tuesday evening totalled a trifle more than \$19,000, or 57% of the minimum quota, \$33,000.

Renewed effort will be needed to bring the Unit's total subscription up to standard in the few days left.

## Sunday School Institute Announcement For Bashaw

On Tuesday evening, Nov. 9th, a Sunday School Institute will be held at the United Church at Bashaw. Rev. Hesse of Treble and Rev. Haglund of Thess Valley will be in charge. The evening will begin at 8 o'clock with a lusty song served at the church, followed by a planned program of lectures, lessons, slides, discussion periods, sing song etc. All who are interested in the religious training of our youth, as well as the Official Board, Ladies Aid, Sunday School, Staff, Young People, C.G.I.T. and Trail Ranger groups are cordially invited to attend. A special arrangement is hereby extended to the people of all the country appointments, who are interested in religious education for their boys and girls to attend.

## Thursday, Nov. 11 To Be Civic Holiday

Remembrance Day. Thursday, Nov. 11, has been declared a Civic Holiday in Bashaw and very many other Canadian centres. Business places will be closed all day.

## Graveling Completed Bashaw to Ponoka

The past week has seen the completion of the gravelled highway connecting Bashaw with Ponoka. Gravel has been spread right out to Fisher's corner, the section which was undrained when winter came a year ago.

Lakeland Municipality has also been having gravel applied to other parts of its road system. The dangerous "Crematorium" has been gravelled and bad spots on the road work from there filled in. Clay hills on the Bashaw-Moving Creek road have been gravelled and the Council plans to have the road toward Donalds given the same treatment.

## Water Glen Farmers Favor Original Set-Up

A report that the Dept. of Municipal Affairs was considering changing the original set-up of the new Camrose Municipal unit, moving two Water Glen townships into the Ponoka unit, seems to have aroused considerable opposition. It was reported that this action was taken at the request of a delegation which had waited on the Minister a few weeks ago.

Some 50 delegates of the two townships have recently signed a petition which asks that the original boundary line be retained, and several more are expected to sign the petition.

## Too Many People Finding Excuses

For too many people are finding excuses for not buying new Victory Bonds. When examined, these excuses are poor and flimsy. The fact is, when people start making excuses they are covering up their own selfishness. It matters not to them that have men are dying every day to preserve their freedom; that others, with wounded and torn bodies, are enduring agonizing pain on hospital beds and still others are bombed in chains as prisoners of war.

Before you decide not to buy Victory Bonds, think of these brave men; think how you will feel when they come marching home with the tale of victory in their eyes, and you face them laughing to your heart that you failed to help him.

"Then shall you be engaged with the thing called shame"—and the sting of conscience be ever with you.

## Mr. and Mrs. Marshall Married 23 Years

On Sunday evening several fifty old friends from Malton, Donalds and Bashaw gathered at the J. A. Marshall home to honor Mr. and Mrs. Marshall on the occasion of their Silver Wedding. They were married at Camrose twenty-five years ago and have lived in Donalds ever since.

The evening began with a buffet supper. Mrs. Marvin Sharp and Mrs. J. R. Vance presided.

After supper all gathered around the piano for a sing-song. Then a group of Malton friends presented a "March Wedding" to the Rev. V. Lindgren of Fairbank then addressed the gathering. Mr. J. R. Vance presented a toast to the wife and groom. Both Mr. and Mrs. Marshall responded. Mr. J. A. Marshall presented the happy couple with a "large pot of stew" on behalf of those present.

Speed the Victory—Buy Bonds!

## Where will you stand in the VICTORY CELEBRATION?

Will you skulk on the sidelines or be one of the cheering, clashing crowd, welcoming the boys with a clear conscience knowing well you've had a stake in victory? Where you'll stand depends on what you do NOW, on how you respond to their call to Back the Attack! Back them with your dollars. Lend for Victory. Every cent you save now, every needless purchase you pass up in favor of War Bonds, puts just that much more steam behind the knock-out punch our boys are all set to deliver. Lend today for Victory tomorrow!

## Victory Loan Applications Well Past Original Quota

Subscriptions still coming in with total to date now at 1187, of minimum objective

There is scant comfort for Hitler and his satellites in the figures issued late Tuesday afternoon from the local Victory Loan headquarters.

Unit Secretary H. J. Day reports that, with a few applications still expected to come in, the local total stands at \$44,700, or 135% of the minimum quota.

A week ago the unit total had just passed \$10,000 and prospects for raising much more seemed hopeless.

Incidentally it may be mentioned that Bill Hammett's application for \$3,000 was, contrary to rumors, the only large subscription which helped to put the Bashaw unit campaign "over the top."

## Rev. G. A. L. Mueller Dies While At Coast

Though not exactly scheduled for the sudden passing of Rev. G. A. L. Mueller on Wednesday night last, came as a very serious shock to his family and friends. Mr. Mueller suffered a heart attack about 10 p.m. on Wednesday, Nov. 1, while staying at Vancouver with Mr. and Mrs. John Kahn, returning almost instantly. The remains were accompanied to Hudson by his brother-in-law, Mr. Gordon Kahn.

The funeral service was held in Zion Lutheran church at 1:30 p.m. on Monday, Nov. 1, at the residence of Mr. and Mrs. L. A. Schuch, representing the Alberta Synod, and Rev. Bernhard for the Manitoba Synod.

Interment was made at St. Peter's Lutheran cemetery with the following as pallbearers: Messrs. J. G. Stude, W. L. Margenau, Mr. John East, George and Arthur, Mrs. Fred Stude, Mrs. Schuch, Mrs. Rodde and August Rodde.

Funeral arrangements were in charge of Overland & Son, Calgary. Deceased was survived by his widow, five daughters and four sons: Erna (Mrs. Alphonse Deland), Irene, Len, Margaret and John, John East, George and Arthur, Mrs. Fred Stude, Mrs. Schuch, Mrs. Rodde and August Rodde.

A local funeral service had been held on Nov. 6 at the T. Edward Leland home in Vancouver. Rev. Neil, officiating in the presence of Mrs. Mueller's relatives and his son John.

George Augustus Luther Mueller was born March 21, 1891, at Friedland, Mecklenburg, Germany. He was educated by the Lutheran ministry at Knapp 5, Minnesota, and came to Canada in July, 1914.

For many years he has been in the Lutheran ministry at Knapp 5, Minnesota, and came to Canada in July, 1914.

He was married to Edith, nee Stude, at Edmonton, Canada. They have three children: John, William and Edith.

Mr. Mueller was found to have died in the Coast in health. In 1940 they returned to Hudson and have since been there.

THE COURSE TO FOLLOW

Grain collection is very easy at the present time. The small initial wheat delivery costs amply compensate the trouble of this statement.

In line of these conditions it is difficult for farmers to divert their limited quota to the elevators of their choice, which in most cases is the Pool Elevator.

The Pool Elevator system acknowledges that the problem is a complicated one. To tell the farmers to deliver all their grain to Pool elevators when space is not available is simply not a solution.

But the Wheat Pool does suggest that when farmers have any selection in the matter the Pool elevators should get the preference. Furthermore, if you are compelled by unavoidable circumstances to deliver your grain elsewhere, do not forget that you should return to Pool elevators whenever the situation clears up and the congestion is relieved.

## To Honor War Dead At Special Joint Service

The annual Memorial Service, held at Bashaw each year at this time to commemorate our fallen war dead, is to be held at 7:30 p.m. on Sunday next in Elko Hall.

Bashaw British Canadian Legion will be in charge of arrangements.

The service will be conducted jointly by members of the three local Protestant congregations, Rev. A. R. Wade, Rev. Sidney Paine and Rev. G. M. Standish.

Arrangements are under way to have a joint band play the service.

It is especially noteworthy to state that a special invitation is extended to extended to extended. The hall is large and it is hoped to have a packed to follow service.

Amos Greywood Van Lenthout, in Britain

Mr Percival Watkin, 60, curator of Lethbridge museum in Hartford, Conn., has been awarded a Roman coin to 1930 which unearthed a Roman cemetery at Buxteh, died recently.

The cemetery, covering nearly 100 square yards, yielded 250 grave-grooves, including one with a cross—a Roman tablet placed with the cross. The cross was a plain tablet had been inserted. The placing was dated to indicate the "Roman" period. The cemetery was found in the ruins of a Roman villa.

The finding was a surprise, as the strength of the

Sum of peace, then these Governments have over the months of the war, and the prices paid for them, more than for a time to maintain the peace. But the contrast is to be very very gradually lightened.

Mr. Herbert Morrison, Home Secretary declared recently that in his opinion this would be the only way of achieving social justice in the post-war taxpaying war time. While neither taxes nor savings might need to be increased at all, the Government of the country should face the possibility that they would have to be well above what they had come to be in the pre-war period.

But, as Mr. Morrison explained, there is more to this question of control than the more negative idea of adding people to the taxpaying class. It would be indeed, all part of a positive constructive plan for the rebuilding and the development of the national economy after the war.

Mr. Morrison said the phrase "the programme of full employment" was the necessary measure of public goods and control.

There are still many millions of people alive in Britain today who are not free to work.

The possibilities of district heating and the regionalization of water supply are emphasized, as also is the extended use which is to be made

**VITAMIN DEFICIENCY**  
When cooked vegetables are reheated, most of their vitamins vanish. This has been proved by tests made on freshly cooked and reheated vegetables. If no vitamins came to each only so many vegetables can be used at one meal. If small amounts are left over it's better to serve them in salads than to reheat them.

# BACON FOR BRITAIN 1944

Canada's Guarantee  
450 MILLION POUNDS  
Britain will try to deliver  
600 MILLION POUNDS

as long as Britain maintains the present weekly ration of 4 oz. per person.

To meet this need every pig possible will be needed and more are essential to breed new.

In hog production the largest item of expense is feed cost.

Proven while on a ration of only one-half bushel of corn and one-half bushel of soybeans a pig can be raised to 200 lbs. (150 lbs. carcass) on an equivalent of 1000 lbs. of barley or wheat. This includes the sow's feed.

After making a liberal allowance for other costs, such as interest, depreciation and labor, the net return on grain fed to hogs under good management, should not be less than the amount above shown.

| 5-ling Pigs at Birth | Barley per 100 lbs. | Feed Wheat per 100 lbs. |
|----------------------|---------------------|-------------------------|
| 15c.                 | 76c.                | \$1.54                  |
| 16c.                 | 81c.                | \$1.59                  |
| 17c.                 | 86c.                | \$1.64                  |
| 18c.                 | 91c.                | \$1.69                  |

## Plastic Materials

There are many reminders at this time that we are living in a rapidly changing world. The war, with its thousands of men and women, has opened up the way for many of the new materials of modern science and medicine have made phenomenal advancement in the face of the devastation of war, and there have been equally great developments in our economic and social progress. It is clear that the world will never again be as it was before the outbreak of the war and there is reason to hope that the best of the benefits to mankind which have brought about the most rapid progress may be wisely used to make a better world in the years that lie ahead.

One of the things which we have brought about is the use of plastic materials. Plastic materials have become well known as substitutes for metal, glass, and other materials. Although plastic is proving both useful and effective in many ways, it is still in its infancy. It is not a material which will ever replace metal, glass, and other materials. It is a material which will be used in many ways, but it will never replace the materials which it is used to replace.

## Destroyers And Corvettes Of The Canadian Navy Play A Part In The Submarine Warfare

**C**ANADIAN destroyers and submarines helped the Royal Navy and R.A.F. blockade the enemy's main submarine fleet in the Bay of Biscay just before Britain's acquisition of new bases in the Azores. A blockade so successful that the modest Allied bases in the North Atlantic were more than balanced by the heavy toll taken on U-boats in the Bay of Biscay alone.

completed in the field, a large number in the Mediterranean area. All such applications had to be sent to Canadian Military Headquarters in London, where they had to be checked and recorded before being dispatched to the Unit of Canada, Ottawa.

All such applications received to date from the Overseas Forces have been dealt with and the relative bonds delivered in accordance with the estimated wishes of the individual purchasers. Advice has recently been received from the Hon. Colonel MIDWAY Headquarters, London, that

large shipments of applications have, within the past few days, been mailed

to the Bank of Canada, Ottawa. These shipments presumably include the bulk of those returning from the electrocutions themselves. It is anticipated that it may be some time before they are actually received on this side, but delivery of bonds will be made without delay once the application forms reach Ottawa.

**THE FRANKING SYSTEM**

Great Britain has a population of 5,500,000 and is an island situated at its narrowest point, within 30-miles of the German army. These are the reasons why the German army, through the use of the Franking System, can communicate with its army in the most secret and most rapid manner.

Hearing hoof beats he turned to see Juan riding toward him.

Probably a million. Canadian gardeners in the first time last year and some of them, it is feared, will be only moderately happy about the results. They ran into a great deal of trouble with weeds. Two of the worst are the ones that could have been avoided had there been a little planning and respect cultivated before the weeds were planted. It is easy to kill weeds with a thorough digging or culturing, but such a method is not only well too improved. Simply putting a Victory Garden in and expecting it should be cultivated deep and and if possible well fertilized, maximum results are in the experience.

Warily hearing the hacienda approached a man with a face of white wax, who wore a broad jacket above trousers which he at the knee and flared at the ankle. On closer view he saw an aquiline nose and piercing eyes set of white skin bespeaking aristocratic Spanish ancestry.

The ranch owner smiled broadly. "Buenos dias, amigo. You are American?" Then, understanding, he said, "Water, al?" He called to a peon. "Juan, bring water!"

Gulping the cool draught, the

and seeds for instance a new crop can be harvested in a short season.

Many vegetables like brussels sprouts require rows only 15 in apart. Beets, beans, carrots and spinach need a little more space between while potatoes, corn, stalked tomatoes must have a row of 36 in.

It is best to save the latter type if anything quick maturing such as lettuce and spinach are planted in between. The bigger things will not need full room at first, and by the time the early crops will be over of the way.

If room is extremely limited, experts advise confining vegetables to such heavy yielders as beans, turnips, carrots, beets, onions, cress, and other small crops. A 2-foot row of any of these will supply many meals for a small family.

### Slew Every Detail

New-Dimensional Pictures End To Spot Gap Gun Emphatically

Three-dimensional pictures in color, even full size, have been taken with perfect fidelity had been used for more than a year to spot gap gun from German submarines, Cmdr Robert E. Quackenbush, United States navy, said. The commander said the three-dimensional pictures "are better than anything else," and "appear to have all the depth of the actual scene when viewed through light-polarizing spectacles."

### Not Taking Chances

German Officers Pledge Soldiers' Assistance With Norwegian Coast Guard

Oslo, Norway—The German officers have forbidden them to take chances with "untrustworthy among the population," according to a private diplomat in Stockholm's Tidningen.

By going along with the Norwegian coast guard, the German sailors would be in the safest that they are by being righteously at the Odetta cause, the dispatch said.

"Ah, you feel better, Senator. We offer you our hospitality? We will dine with us. Enter. Enter!"

It was a good dinner and he was hungry. He realized that he had stumbled upon one of the feudal ranchos.

"You are safe here for as long as you need shelter," the old man said. "You are weary now. We will dine tomorrow. This night you will here Juan will show you to the bedroom."

Upstairs he took the perfume candle from Juan and shut the door.

**Now Grass Early**

Any work with lawns should be started just as quickly in the spring as possible. The reason for this is that the soil should be worked in it is still wet. But once one can walk over the ground without muddying his shoes muddy, then the grass can be brought into play.

In both new lawns or in patches of old, the soil should be raked fine and smooth. Authorities advise sowing the highest quality of seed mix as thick as directions specify as reverse, when there is no wind it will be best.

With new and old lawns

A black and white illustration of a woman from the waist up, facing slightly to the right. She has dark hair styled in waves and is wearing a short-sleeved dress with a bold geometric or plaid-like pattern. The background is plain white. In the bottom left corner of the illustration area, there is small text that reads "© 1940".

He put his nearly empty tin under the pillow. As he removed it his hand brushed the tin's top, tipping a chance-like spillage its contents. With amazement he saw gold coins rolling across the hardwood floor, clattering in all directions. One of them came to spin under the bed. Groping there, he prayed that no one might see him. Maybe the old goat was sitting up for a cover, as in the manner of a cat.

No, he decided, it wasn't. The cards were falling. This time he'd have the game so well! He'd win—leaving good lying around like that!

So carefully. They didn't know what he was doing. He had to do with it. Well, he knew what

"Oh, ranchero, amigo--help," he croaked.

### Hitler Minister Expected to Meet the Head of A.R.

According to Stockholm reports, which may be taken as well-founded, Hitler recently held a Bergholm conference at which he elected Martin Bormann as his successor for the Fuehrerpost in case this happened to himself. While it is a hint that Hitler could please bare-kirt, which he has frequently stated would be his in extremity, anybody is at liberty to guess. His selected triumph in the event of his own demise rests of Bormann, as Minister with Goering and Himmler.

Another, the croaker, when it remembers such a loud noise that it can be heard through 30 feet of water. Another, the "drum fish," drums loudly that it sounds like a drum thumping on the bottom of a ship.

This information is being sent to Navy men to enable them to distinguish between these sounds and those made by an enemy submarine.

A sea captain named Fred Fish was one of New York's prominent citizens years ago.

# "COMBINED OPERATIONS INCLUDE YOU"

Combined operations move action from every fighting service... combined operations. Combined operations include you, too.

Despite the shortage of help and equipment, Canadian farmers have responded nobly to demands for increased production of food.

But there is one thing on which a better job can still be done.

**MORE MONEY** is needed to fight a more efficient war.

All Canadians will be asked to furnish this money. It's a duty that we who are at home owe to the men on the fighting front.

In these days most farmers have higher incomes... money to save. And that is the job that they are asked to do... save money and lend it to Canada.

You are not asked to give money... just to lend it. When the war is over you'll have this money to "plough back" into your farm.

So save now to lend to your country. Save to have money to improve your farm; money for new stock and implements; money for more land or new buildings.

For a new car... for new furnishings and conveniences for your home.

All you can lend is little enough for a cause so vital for a need so urgent. And the more that you can save and lend to your country now, the more you will have for your own use when the war ends.

**Be Ready to Buy MORE VICTORY BONDS**

## Not Rationed Here

Of course we are all bothered in one or certain items which have gone to help our service men in the military war for us. But the Government find that country and good service are still rationed at our store—and they appreciate this fact.

# Income Tax Returns

FOR 1943 MUST BE IN NOT LATER THAN

## 30<sup>th</sup> OF APRIL 1944

### 1. WHO MUST FILE RETURNS?

If you are single, and your income was over \$1,000—  
Or if married, and your income was over \$2,000—  
Or if you had no adjusted in 1943—your income was over \$1,000.

### 2. WHAT FORMS TO USE

For income over \$1,000 use Form T-1 General.  
For income over \$2,000 use Form T-2 General.

### 3. WHERE YOU CAN GET FORMS

Two sets of forms for sale here—  
1. Post Office.  
2. Dominion Tax Office.

These instructions are important. Over 2,000,000 Canadians will be filing returns this year. You can help by getting your forms early.

It is important that income tax returns be filed promptly. When returns are not filed by the deadline, the tax authorities will estimate the return for you, which will be paid back to you with interest after the year is over.

Make your return by April 30th and later than 1943 of April 30th will be considered a return of 1943 of April 30th.

### Young Local Musicians Competes At Calgary

On Friday last, Mr. and Mrs. Lynn Wilson and their children in Calgary where they were guests at the home of Mr. Wilson's mother, Mrs. L. P. Wilson. While there, there was a concert at the Youth Annual O.E.S. Festival, which was being conducted in St. George's Music Hall, and was open to the children (18 and under) of 1800 members. Because interest in these events is the age group of 15 and under, in these days there is a first in piano only, a first in right reading and a second for her vocal solo (Congratulations Bessie! Next year you'll bring home a cup).

## ADDRESSES ON THE MOVE...

WHEN a man is wounded in action or seriously ill, he is rushed through field and base hospitals with all possible speed, to the place where most effective treatment can be given. Because of this rapid movement, his mail may not "catch up" for some time, yet, if ever he longed for a letter from home, it is at such a time.

To offset possible delays, a new "Short-Cut" mail service has been put into effect. A Priority Canmail Card is filled in and routed by Air Mail so his friends or relatives with instructions to add the words "In Hospital" to the main address they usually use.

Letters mailed from Canada bearing the words "In Hospital" are routed direct to the records office in the United Kingdom or the Central Postal Directory, from the main way line. They are given preference in forwarding whether sent by Air Mail or regular mail. Thus they will reach the addressee faster than ever before.

It is inevitable that in tracing men who have been moved, or wounded, some delays occur. But you can cut around everything that can cause needless delay of letters to your man in being well and thoroughly done—mail will be done.

When you get a Priority Canmail Card in your the words "In Hospital" are added to the regular unit address when mailing overseas.

## Bashaw Victory Loan Subscriptions Have Now Reached 80% Of Quota

When our towns closed Tuesday afternoon, a total of \$26,000 worth of Victory Bonds had been subscribed for in the current campaign by residents of Bashaw Victory Loan Unit. This is about 80% of the Unit's quota of \$33,000.

A total of 128 residents have invested thus far in the current campaign, compared with the 224 applications made in the last loan, when the quota was well over-subscribed (\$44,500).

While the minimum quota now appears to be within reach, it remains doubtful if the Fifth Victory Loan total will be approached.

### All They Lacked Was A Hole-In-One!

One for the bush was recorded at the last golf course one day last week by a threesome composed of J. L. West and W. E. Wells, veteran players, and Charles Williams, who took the game up only this season.

Playing the No. 3 hole (240 yards, par 4) Mr. Wells secured a par hole. Mr. West, a 140 yard shot, and the partner of the two, after making a sweeping 240-yard drive, landed with his eye-socket that for an eagle bird.

An eagle, better and you can see hole is considered just an eye-socket.

### A.Y.P.A.

The regular meeting of A.Y.P.A. held at the Superettes, May on April 25, took the form of an open discussion. The young people read reports on the League of Nations and Pan-American Union. Harry Mills took his report on Russia. Bob Wiggins and Helen Cameron spoke on Germany while Helen Hoggart spoke the report prepared by Irene Hoggart and Mary Sharp on Poland. Mrs. Pugh took the British States for her report. Gail Pearson spoke on France. Gail Hoggart and Dana Power spoke on Greece. Gladys Whitcomb and Audrey Brown took their report on Norway. Mary McCutcheon and Grace Williams presented Belgium and Holland as part of the report.

Rev. Standish acted as chairman. About fifteen adults were present. Each youth party a lively, interesting and informative meeting.

### Small Attendance Of Farm Young People

Due largely to a change of date only a small representation of farm young people turned out for the June 1st meeting held on Saturday afternoon.

However, those attending showed interest in the proceedings which were in charge of Dorcas Appleton. Prize and Miss Anderson of the University Extension Department.

### Winnipeg Minister At Nurses' Graduation

Since the young ladies have visited him often and he knows to them, it was of special interest to the district that Miss Joan Gordon of Manitoba was given gold medals in the class of their super graduation at the Royal Alexandra hospital, Edmonton, on Wednesday last. Miss Gordon is a sister of Mr. and Mrs. S. E. Pearson.

Mr. M. A. Drake of Tim is visiting his daughter, Mrs. C. A. Schubert.

In a recently received letter from Dr. Frank Kucharski, writing in Saskatoon, he reminds doctors for Christmas people from the Big Timber School Club and the Bashaw ladies.

### Water Men

May 2—Following the death at the Water Glen Baptist church on Monday the friends and neighbors of the community gathered together to do honor to two couples, Mr. and Mrs. C. Nicholson and Mrs. and Miss G. Nicholson, both of whom are moving to Winnipeg. Several speakers spoke and an organist led singing four chorals, following which the two couples were each presented with a table lamp and a pair of slippers.

Mr. Albert Sanderson of Edmonton is visiting at the home of Mr. and Mrs. Lundberg.

Mr. and Mrs. Jack Shipley were visitors at the home of Mr. and Mrs. B.J. Shipley last week.

Cpl. Stanley returned to Calgary on Friday.

Prof. David Gross of Vancouver, B.C., is home on leave at his parents' home. Mrs. Schick is also home on leave.

Larry Balch underwent an operation for appendicitis at a Winnipeg hospital on Saturday morning.

Mr. Earl Nelson of Davis arrived on Thursday with a load of lumber for Mr. L. Carlson, returning Saturday morning.

On Friday evening Mr. and Mrs. Paul Erickson and Barbara visited at the home of Mr. and Mrs. Arthur Erickson.

On Saturday evening Mr. and Mrs. E. G. Nelson family called on Mr. and Mrs. Arthur Erickson.

The friends of the community extend their sympathy to the family living in the death of their mother, who passed away Sunday night.

### Glenn Stenier

May 1—Mr. John Ament and Mrs. R. Ament and son, Richard, of Newburg, Oregon, are visiting relatives in the district.

Mr. C. F. Lyons and children are visiting with the family's parents at Lethbridge.

Ben, to Mr. and Mrs. Fred Tupper, on Monday, April 24, at Lethbridge hospital, is well.

Ben, to Mr. and Mrs. Donald Hoggart, on Friday, April 28, at Lethbridge hospital, a daughter.

## Village To Begin Collection of Garbage

At its regular meeting held on Monday evening with all members present, the Village Council decided to initiate a monthly collection of garbage during the summer, notice of which appears elsewhere in the issue.

J. R. Whitney was given permission to erect a waste incinerator.

Tenders will be invited for purchase of the vacuum line immediately north of the Theatre.

Following bills were passed for payment:

## Bashaw Victory Loan Unit Over Top; More Bond Applications Asked For

Returned received up to noon on Tuesday showed that Bashaw had passed its current maximum quota and had made a modest advance toward the record set in the last Loan drive.

Sincere congratulations are due to the Committee and to the Citizens for the success of the campaign thus far, which finds the Unit reaching its maximum quota well in advance of previous campaigns.

A glance at the figures to date shows that the Unit has sold more than \$100,000 worth of last Loan's dollar bond and also has gained in number of individual applications.

The question is, will Bashaw Unit accept the challenge in these figures and make up the difference by the end of this week?

The Star says we will. If we accept our responsibility as good Canadian citizens.

### Creek Relief Ship's Thankfully Received

Edmonton, April 24 (Canadian Press)

On behalf of the Creek War Relief Committee I wish to thank you most sincerely for the clothing which you so generously donated.

We know that the unfortunate people of Greece will appreciate these gifts, but only wish the physical condition they will bring. The clothing from the people of Canada will serve as a relief to the Greeks that their plight is recognized by the Canadians who are ready to help them in their darkest hours.

Yours sincerely,  
C. JOHNSON

The President, Mrs. Hume, is anxious to see another shipment of new or used clothing, as possible, to place in your donation as soon as you can. Old shoes and clothing are needed.

Next Tuesday night will be on the basis of the Supermarket Shop. We'll you please come and help.

## The Age Of Electricity Expected To Bring A New Era Of Comfort For The Man On The Farm

**T**HE age of "extremity" is about to catch up with Canada's wilds and bring a new era of wealth, health and comfort to the lonely farmer and his wife, a survey revealed. Every province in Canada was drafting large-scale schemes to harness water power as part of measures aimed at encouraging establishment of new industries and to provide the energy needed to exploit the country's rich resources lying untouched in the woods, under the ground and on the origin land.

The advent of mechanized revolution by farm leaders as one of the most pressing needs after the war will revolutionize life on the farm as it is known today with its real old fengs, hand pumps, scrubby hard and other antiquated hand-powered equipment.

### Advices Tatting Of Turkey's Here

Replying to an inquiry made by district turkey sinner through him, Bob Miller has received the following reply from the Provincial Poultry Commissioner, C. W. Trevis.

"Mr. Butler sent me a copy of yours of June 15th in relation of turkey. This can be done by following in the work of the sinner."

"You can register a brand with the Brand Office, Department of Agriculture, Edmonton. The registration is \$1 for last year. Then you can rest a tattoo from the Department for \$1.50, also being supplied with the tattoo."

"If a number of people in the district were interested in tattooing every year, then it would be difficult for someone to have the tattoo of the various breeds and numbers. Tattoos can be obtained from Ketchum Mill Co., Ottawa, or Robert Specialty Co., South Falls, Ont."

## Local and Personal

The Star's Phone is No. 44

Mr. George Briggs of Dryden spent the week-end with his daughter, Mrs. J. Cottrell.

While eating a meal, he recently, a distant relative found a small loaded gun under the table. The paper evidently has a serious message, but this could not be developed because of the paper being directed.

Many of a hundred young people and gatherings moved the United church picnic at Woodchuck beach Thursday afternoon last. Perfect weather added the week-end and the beautiful picnic supper, luncheon, home made ice cream, sports program, all contributed to the full enjoyment of the day.

### High School Cadets Parade For Inspecting Officer

There were many spectators on hand: Tuesday morning when the local High School Cadets were inspected by Capt. Robert Bennett of Calgary.

After putting the boys through a series of evolutions and drill movements, the inspecting officer had words of commendation to them and their drill instructor, Albert Drennon, V.C.

There are 29 boys of various ages in the section and though they have a fair amount of equipment they are still lacking uniforms. Those are beginning to arrive, and it is expected that it will be possible to have the section fully equipped for the parade which opens the Dominion Day celebration.

Mrs. J. A. Nugent and Lynn are constant visitors this week, at the home of Mr. and Mrs. Olson.

J. R. Smith and son Evan motored to Edmonton on Saturday, the latter going on to attend Navy training at the coast.

Tom Drennon, who has been engaged on various home building construction at the coast and more recently at Edmonton, returned to Bathaw on Friday.

Mrs. Hah and her son Jack went last week at Regina with him, prior to his transfer. A Ben Hah left on Monday for Calgary, N.S., to continue his home.

The engagement is announced of Miss M. Hensley, daughter of Governor to John L. Hensley, son of Mr. and Mrs. J. Hensley, of Montreal. The bride-to-be is the sister of Mrs. B. J. Olson of Water Glen.

Mr. and Mrs. R. McKinnon moved to Edmonton from Lacombe this week-end. They brought Mr. and Mrs. J. A. Marshall back with them to their home here at Bathaw. Mr. Marshall is not much improved in health.

There seems to be a rumor going in the town that the old and established a brand-new family here by the Provincial Red Cross had been later charged up to and paid for by the local branch. This is entirely false, of course, and we are glad to state that the shipment was sent from Calgary with even the express charges on it paid. The Red Cross has never made a charge for its services to those in distress.

## HIGHER STANDARDS

### How To Find Out Whether You Need To Change Your May Budgets & Plans

There has been one of the labels of the 'new thinking' politicians there, in particular the late Prime Minister, of 'economic growth and cultural revival for the people of Africa, to improve the lot of Negroes everywhere, and to rebuild Africa on their own traditions, culture, social organisation and economic life. The aim has been to develop a new Africa, a new standard of living, to be living at higher standards of living than the world.'

One result of this policy has been a keen loyalty of the African people to the British Empire. Many of them call themselves 'Black British' or 'Black Africans' has pointed out that there are almost as many black British in Britain as there are white British in Britain.

There are in practice, however, very real difficulties to this policy. It has imposed a slow pace in the process of decolonisation. A lot of the African people, especially the white population and the white population, are not

## TOOLS FOR THE JOB—BRITISH EQUIPMENT FOR LIBERATION OF EUROPE

When the Allies launched their big drive for the liberation of Europe, they had vast stores of shells, guns and equipment to back up the attack. This picture, made at an equipment depot somewhere in England shows hundreds of 3.3 and 4.5 guns stored in a heavy gun park.

## Had Grand Time In Cadet Camp At Sarcee

Thirteen, on weekly summer according to some folks, held no harder for the Bashaw High School Cadets, since they were the number to attend annual camp at Sarcee. Three hours had no shortage of gun time, and the big majority took toward breaks in going out west.

The group this year included Eddie McFadden, Joe Kuntz, John Ross, Bud Rogers, Shirley Miller, Bobby Pearson, John Johnston, Allen Shaw, Bill Brown, George Pearson, Bill Hume, Gordon Sill and Owen Malt. They spent a full week in camp, but owing to rain conditions had to leave a few hours before actual close of camp.

The boys lived in army tents and ate army food, which they describe as "very good." They had physical culture classes, camp marching, following which came training in great variety. Some of the lads did a turn at cook-house duties, while others were sent.

Specialty training to the boys was the demonstration of a variety of arm weapons etc., now being used by our overseas forces. These included a couple of anti-air guns, flame-thrower, mortar, flame-thrower, etc. Numerous types of land mines were shown and the boys were shown how to take down and use mobile mortar machine guns, and machine guns, the Sten gun and also the very new Pilot gun, which shoots rounds with a burning effect on enemy tanks and buildings.

All had received instruction in field work, map reading and other subjects useful to full-fledged soldiers. John Ross was assigned out to receive special instruction in anti-gun measures.

Eddie McFadden, Jimmy Kuntz, Bill Rogers, Glenn Pearson, Bill Hume, Gordon Sill and Owen Malt were members of the Calgary chapter, which was a previous marching unit. The whole camp including more than 5000 soldiers completed in the event.

E. M. Wagon and son Bob arrived here Monday from a greatly enjoyed taking trip to the Kananaskis Valley in British Columbia.

## Protest Replacement Local L.H.C. Dealer

When leaders of a community take the pleasure in protesting against an injustice to a town business man, it's a town with a spirit! "N" And that's what it happens in Bashaw right now!

A very emphatic delegation called on The Star recently with a request that publication be given their address. They had learned that local L.H.C. agents were to be taken over by the man who had served them loyally and well for a very many years, and they felt that this should not take place without protest. They present members of the company a special petition which would read as follows:

"We the undersigned customers of your agency at Bashaw have with respect that you are expediting a new dealer at this point and we cannot let this come about without registering a strong protest."

"We have dealt with your dealer here, J. R. Stubb, for many years with much satisfaction. Through good years and bad he has maintained first-class service and while we are loath to bid your dealer of his extensive we had but too long being fairly dealt with."

"We therefore sign this, Mr. Stubb, in witness of our faith."

A copy of the above petition has been left at The Star office, where it may be read by those who desire.

## C.C.F. Speakers Here Friday Nite This Week

Bashaw and district will have Provincial C.C.F. speakers represented at a public meeting being held in The hall here on Friday night of this week at 8.30.

Speakers will include Lloyd Stinson, M.L.A., a member of Manitoba C.C.F., and C. E. Boulter, C.C.F. candidate for Canadian constituency.

The new site will be held in the hall of L. V. Taylor and R. H. Carls, who have respectively in nearby Ponoka and Lacombe provincial constituencies.

The public is urged to attend.

After the foregoing was in type it was learned that a Social Credit campaign meeting is being held in the same hall on Thursday evening.

## Unsettled Weather Hampers Carnival

Though the weather was far from favorable, the big Moose City carnival was held with few losses. Due to unexpected delay in closing a previous engagement, the carnival attractions were many hours late in arriving at Bashaw, which made the evening dull. Thursday, partly much of a blank. Crowds were good Friday night, but Saturday's sun was at 8 o'clock too much. The carnival company continued to remain for Monday and Tuesday nights and many who had not been able to take it in before were then able to enjoy the attractions. Four rides, including a very large merry-go-round, helped to make the carnival highly popular with the children.

Dancing for lucky ticket prizes were held on Thursday, Friday and Monday evening with the following declared the winner:

First Prize, \$25.00 cash: Thursday—Frank Wilford, Bashaw. Friday—Oscar Munday, Bashaw. Monday—Norman Frodo, Bashaw.  
Second Prize, \$15.00 cash: Thursday—F. D. Braden, Edmonton. Friday—E. S. Pearson, Bashaw. Monday—E. J. Thompson, Edmonton.  
Third Prize, \$10.00 cash: Thursday—J. R. Stubb, Bashaw. Friday—Ernest Harnsberry, Alder Park. Monday—K. R. Reed, Bashaw.  
Special Prize, \$10.00 cash: Thursday—Don. Carr, Bashaw (not present at drawing). Friday—M. Taylor, Calgary (not present at drawing). Monday—Joe. Thompson, Bashaw.

Mr. and Mrs. Gusmond Nelson and daughters, Gertrude and Maryann, and son F.O. Nels with Nelson spent a few days this week at the Nelson home.

## CARD OF THANKS

We wish to extend our heartfelt thanks to all who so kindly assisted, and for words of sympathy and the many beautiful floral offerings in our late bereavement.

Mrs. Nora Schultz and Family  
Mr. and Mrs. Gus K. Schultz and Family

Mr. and Mrs. Selma and children of Edmonton and Bruce Wilson are home from the west.

Miss Vera Lyle of Alta spent last week visiting at the home of Mr. and Mrs. Allan Tucker.

John McArthur, studying medicine at the University of Alberta, arrived home on Friday for a brief vacation.

Mrs. Danah of Edmonton visited her father, Donald Haggerty, and her aunt, Mrs. Ray Whitten, last week.

Lynn Wilson was called away on Sunday evening to adjust her ears at Sedgewick and Pandan Valley.

Mrs. F. C. MacDonald and son, Alvin, of Winnipeg are visiting Mr. and Mrs. Ray Whitten this week.

Mrs. Grant, Mrs. J. E. Trust and Miss Pat Trust have returned this week from Windsor, where they had a two-day visit.

Mrs. C. Stockard has moved to Medicine Hat, where she will reside with her parents, Mr. and Mrs. R. McDonald, for the duration.

Mrs. David, Mrs. Mabel McFarland and Mrs. Helen Bick and family, all of Innisfail, are visiting at the Bick home and with other relatives at the city.

On Tuesday last week Group W. sang at the City with the Central Alberta Chorus, according to a bulletin received from M.D. 13 head, Innisfail.

Houses at Sandspire, Bery on Sunday were Misses J. H. Proulx, J. G. Proulx, Ray V. Haggerty, Gordon, Haggerty, B. C. Schultz, Mrs. Latta, Nellie Jarvis and Miss.

Mr. and Mrs. J. C. McNeil have received word that their son, Alvin, Officer Paul McNeil, is now in need in Egypt. It might be expected, that look the last home or on appearance after England and Canada.

Mr. Wm. Tregrow had a letter from his son, Mr. Arnold Tregrow, who is with the Army Medical Corps in Italy. He writes he is well but needs the best. He sent a beautiful tablecloth and brooch also, at an earlier date. You had to be so much in need of that best too.

Mrs. Charles Rasmussen and son Elmer and Arden, all of Vancouver, were recent weekend visitors at the J. C. Shukla home. They found our crop prospects looking compared to at home, where wheat was expected to yield 2 1/2 bushels per acre, and other crops in good condition.

Walter Schultz was the first to shoulder to get his outfit into action this season. Walter threshed small quantities of hard barley on his own farm on Sunday last and sent day removed the operation for Fred Schultz. We are advised that the group appeared to be yielding extremely well.

## The Danger of Inflation

OF THE MANY EVILS which result from war, inflation is one of them which is most injurious to the welfare of a nation. The unusual economic conditions created by war tend to set up that dangerous spiral of rising prices which will ultimately result in a general increase in the cost of living. Almost every country including Canada, suffered from inflation during the war. The nations which have remained in a position to avoid this condition are, in Canada, Britain, and the United States, measures have been taken to control prices and wages and to prevent the war-related increase in cost of living.

**Public Support?** Great difficulties stand in the way of mounting serious economic control, and all the nations which have undertaken such measures have not met with complete success. They have, however, established the fact that the nations which have not taken such action at the onset of the war, of the dangers of inflation, and there has been considerable opposition on the part of the people to such measures. The war has been a time when the public has been asked to make sacrifices, and it is to be expected that the public will support measures to prevent inflation.

**People Must Be Patient** Many of the nations which have been successful in controlling inflation have done so by means of public support. It is to be expected that the public will support measures to prevent inflation.

## It's foolish to keep on "doing"!

Why are we doing more and more of the same thing over and over again? Why are we doing more and more of the same thing over and over again? Why are we doing more and more of the same thing over and over again?

## Will Need Horses

Canada Will Play Large Part in Supplying Horses

Canadian breeding stock may play a large part in rebuilding the horse industry of Europe when the war is over. Particularly in the restoration of the horse industry, the horse will be required, and some idea of the coming demand for horses in the various countries of the world is being gained from the statistics of the number of horses in the various countries of the world. It is estimated that the number of horses in Britain, Ireland, and Belgium have been reduced by half. In France, the number of horses has been reduced by three-quarters. In Poland, the number of horses has been reduced by three-quarters. In Czechoslovakia, Yugoslavia, and Greece, Germany has plundered the horse industry, and in these countries, it is believed to have been reduced by three-quarters. However, the horse is a very important animal, and it is to be expected that the horse will be required in the various countries of the world.

**IN THE HARTSWOOD** There are 1,116 horses in the Canadian Army. These included 400,000 of the 400,000 horses in the Canadian Army. These included 400,000 of the 400,000 horses in the Canadian Army. These included 400,000 of the 400,000 horses in the Canadian Army.

## HOLD THE LINE

The immediate post-war period will be beset with many agricultural problems. The principal one will be the possibility of a collapse of the price of farm products such as occurred after World War I.

Canadian farm production has increased substantially during the war years in direct response to the plea of the Canadian and Allied governments. There have been abundant markets for farm products during the war. There is a danger, however, that these markets will contract in peacetime, with the result that surpluses will accumulate in Canada.

Canadian farmers should be strong in their determination to insist that there should be no collapse of farm prices in the post-war period after the first world war.

The best way of achieving this is to strengthen farm co-operative and farmer associations.

The Refugee Problem

MANY THINGS WITH ATTITUDE have resulted from the war in Europe, and problems have been created which will not be solved for some time. One of the greatest difficulties is connected with the resettlement of refugees. It has been estimated that in 1943, there were 1,000,000 refugees in the world. Many of them had been displaced from their native countries in Europe, while others were moved by the German concentration camps, and some had been displaced in other countries. Many were victims of persecution, and many were victims of war. The problem of their resettlement is a very serious one, and it is one which will not be solved for some time.

Invest in Victory

CANADIAN SERVICE TROOPERS LEAVE with their equipment for the front lines and would be the first to see the most critical period of the war in the past. After four years of constant service and privation it is natural that the troops should be anxious to return to normal conditions as quickly as possible, and that there should be some surprise that such a large loss in personnel is taking place. In announcing the new Loan Campaign, the Minister of Pensions, Mr. J. L. Barry, went into detail, pointing out many reasons why Canadians are asked to continue to lend and more not only in the interest of victory, but also to more economic stability for this country now, and in the normal period which will follow the final defeat of Germany and Japan.

**SHOULD HOP**

In viewing the public against being too hasty in making their decisions, Mr. Barry was representing a view which has been given by the War Relocation Administration. There are also the fact that the public in the struggle against Germany, and there is no one in the War Relocation Administration. There are also the fact that the public in the struggle against Germany, and there is no one in the War Relocation Administration.

**Inflation is a**  
**Constant Danger**

Another reason why the public is urged to see that they do not make their decisions too hastily is the constant danger of inflation. A sudden drop in the price of goods, or a sudden rise in the price of goods, would be a disaster for the public. It is therefore urged that the public should be careful in making their decisions.

Agriculture And The War

AGRICULTURE IS ONE OF CANADA'S largest industries and it shows almost a vital part in the national economy. When it is the abundant grain, or produced here and the importance is illustrated in the statistics from the Bureau of the League of Nations which the wheat crop in Canada in 1941 was valued at 100 million per capita. In Canada the yield was 24 bushels per acre, in Argentina 17 bushels and in the United States seven bushels. The value of a great agricultural industry such as we have here, has been emphasized during the war when the increased demand for food for the armed forces, and for those nations who cannot find supply has been emphasized, has made it a vital industry of primary importance. Much tribute has been paid to the splendid contribution made by Canadian farmers in the war, and the industry in spite of the many difficulties created by wartime conditions.

The farmers of British Columbia have shown forth a manly spirit in producing much-needed food crops during the war and their industry has been recognized in the many awards given to them. In 1941 the British Columbia Agricultural Society presented a special award to the farmers of British Columbia for their contribution to the war effort. The award was presented to the farmers of British Columbia for their contribution to the war effort. ### Hog Raisers - We Save You Money

with our  
**Complete Feed Service!**

We have modern grinding and mixing equipment.

We have the franchise to mix your grain with **SHUR-GAIN** Concentration according to proven formulas provided by Canada's largest feed manufacturer—Canada Packers Ltd.

Here's how it works to save you money . . . Bring your grain in to us. We'll grind it quickly and efficiently. Then we'll put it in our power mixer and mix it thoroughly in a few minutes with **SHUR-GAIN** etc. Use immediately.

This gives you a thoroughly mixed feed, high in proteins, minerals and vitamins. It gives you a feed that enables to save those 50-60 cents per bag!

Why? Simply because 50 lbs. **SHUR-GAIN** 40% Hog Concentrate costs 50 lbs. grain.

## Wedding Bells

**McKINLEY-SCHULTZ**  
The Sacred Heart Catholic Church of Edmonton was the scene of a pretty wedding held on Sunday, Dec. 2.  
The bride was Miss Mary Elizabeth Schultz, daughter of Mr. and Mrs. G. A. Schultz of Bashaw, and the groom was Mr. Lawrence McKinley of Edmonton. Rev. Fr. Perry officiated.

The bride was charming in a powder blue gown chosen from the store. The wedding was a simple one.  
The mother of the bride was Mrs. Jack McDougall, one of the guests, who chose a gown of coral blue velvet.  
John McKinley, brother of the groom, was his own.  
A reception for relatives and close friends at the groom's home after the ceremony.  
The happy couple will make their home in Edmonton.  
They plan to spend Christmas with the bride's parents, Mr. and Mrs. Schultz, at Bashaw.

## Local and Personal

The Star's Phone is No. 48

No issue of The Star next week!  
Thinking Christmas week, local stores will remain open Thursday afternoon.

Christmas holidays for school children start on Friday, Dec. 2nd. School next opens on January 2nd.

The A.Y.P.A. are among Christmas Cards on Christmas Eve on the street. A lot will be passed and proceeds will go towards sending parcels to the boys overseas.  
The Married Local No. 490 of the Alberta Farmers Union will hold a Box Social and Dance at the Married School on Dec. 27. All ladies are requested to bring bouquets.

Supple Assistant Rev. Hah writes a letter from Northern Ireland, where he had the pleasure of spending some time at the head of his benefactors. He met Col. Percy Shaw and also called on a son of J. A. Marshall, M.P., and relatives of the Tappin family.

Henry Stadel, living with his parents five miles northwest of town, showed The Star on Wednesday last a "white" coupe which he had on the Cup Road. It was not an all-steel, but had very light gray fenders on hand, wings and tail, the balance being white. Similar cars have been noted in the vicinity for the past two years.

## SHOWER Concluded

The bride-elect then made a suitable reply and warmly thanked all for their gifts and advice.  
After the girls were admitted, Miss Irene Brown received the assembled friends with two vocal aids, and Miss Bruce Wilson followed with a couple of piano selections.  
The evening concluded with the serving of a delicious lunch.

J. A. Marshall, M.P. returned from Ottawa on Friday.

Bashaw School Christmas Concert is being held this evening in the Hall. Mr. and Mrs. E. J. Hah are leaving Thursday to spend Christmas visiting relatives at Vancouver.

Henry F. Cobble, new proprietor of the local hotel, has been busy in completing a large addition to the building.

Cpl Jack Cook, his wife and two children returned on Saturday from Lethbridge. Cpl. Cook will be stationed at Pasadenau.

Mr. and Mrs. Henry A. Schermerhorn on Saturday for Vancouver, where they will spend the winter and visit with their son, Paul, and wife.

Plan now to attend the Big New Year's Night Frolic in Ed's Hall Monday, Jan. 1. Novelties, game makers and novelties provided. Don't Miss It! P. and relatives of the Tappin family.

## New Organ Dedicated At Christmas Services

Large congregations attended Christmas services at the United Church on Sunday. In the morning the Christmas program presented a delightful Christmas program and at the evening service the annual C.I.T. supper was enjoyed. Proceeding the service the new Musical electric organ was dedicated and Mrs. Bruce Wilson, induced at church organist. The new organ's soft tone and flexibility of control met with the present most favorably, and its introduction to the church service on this occasion opened up avenues of even greater enjoyment as have gone on.

## Water Glen

Dec 18-The Water Glen Red Cross met at the home of Mrs. Arthur Enchsen on Thursday Dec. 14. A large number of local had arrived, so the members will be busy during the winter months. The next meeting, which will be the annual business meeting of the branch, will be held at Mrs. M. Landis's early in January.

Turkey packing have been the order of the past week. From all reports the work is very good and the country of the birds can be placed with the results of their summer's labor.

A few of the Water Glen women donated the new decorations for the hall at the home of Mr. and Mrs. Elmer Nelson of Malton on Thursday last in honor of Mrs. Lawrence Maclean (nee Stone Aldrich) a novel bride, and Mrs. Evelyn Vaglin, a December bride-to-be. Both were recipients of many lovely and useful gifts.

Miss Lois Nelson spent the week end with her brother, Alvin.

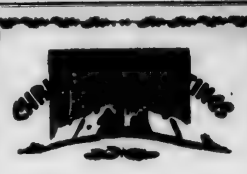

The Water Glen people are giving their Christmas program at the Hall at 8 o'clock, Friday evening, Dec. 22.

### Lake Band Financiers Fifty Years Married

On Sunday, April 22nd, Mr. and Mrs. L. C. Pearson, highly esteemed Lake Band pioneers now living retired in Miram, observed their golden wedding anniversary, celebrated by their kin.

On Monday evening, Miram residents of Bashaw and their ladies, to the number of 20 in all, paid a surprise visit to the Brimacombe home to celebrate this anniversary.

Appropriate addresses were made by J. G. Pearson, Lynn Wilson and J. R. Hume, following which Henry Ford made presentation of a purse. The honored couple made suitable expression of their thanks.

After enjoying a delightful social treat the ladies prepared a very fine lunch which had been prepared at home. After this had been consumed the visitors remained in Miram until 10:30 p.m., but no ladies had joined the Brimacombe for the final hour then.

### Golf Club Reorganization For Current Season

The annual reorganization meeting of the Bashaw Golf Club was held on Monday evening with a representative selection of the golfing fraternity in attendance.

Officers of the club are: Gordon Brown, chairman; president and J. R. Smith as vice-president.

The membership fees for the current year are: \$4 for men, \$2 for ladies, \$2.50 for non-residents and \$1 for boys.

These are now payable to the acting secretary, E. M. Wagon.

Thursday afternoon, May 10, was selected for a big gathering of members at the current Executive meeting, and it is hoped to be on the band at 2 o'clock around with the necessary tools or implements to assist in putting the greens in good order. The work will be done by the grounds committee, which includes: Messrs. E. Jones, L. A. Thomas and A. Brown.

## TO HELP WAR EFFORT?

\_\_\_\_\_

We have never jumped from burning planes with a chance of being shot as we parachuted earthward . . . and a chance of being taken prisoner if we land "safely."

We have been asked to buy Victory Bonds . . . and perhaps we have bought bonds. What has it meant to us? We are better off because we have them. If we need cash for any emergency we can sell our bonds and get

... bonds.

## A CHARACTER OF RIGHTS FOR YOUTH

**"Youth has spoken for itself in recent years—spoken by deeds, not words, whenever it has been given opportunity."**

**John Bracken**

**Yes, and youth is speaking now—speaking as candidates of the Progressive Conservative Party, youth that has won its spurs by heroic deeds in defense of freedom—youth that brought victory to our cause—is now, through the Progressive Conservative Party, given the opportunity to take its place in the government of the nation.**

**The saddest story of all the centuries is the story of youth in the past two decades... of youth made cynical by neglect, embittered by repeated betrayal and disillusioned by the apparent indifference of those to whom they had entrusted their destiny.**

**Today, with the Youth of Canada at his side, John Bracken says:**

**"Let us see to it that the State in our time discharges its full obligation to those upon whom society's mantle will shortly fall from our shoulders—the men and women of tomorrow, the boys and girls of today."**

**John Bracken, father of fighting men, has decided to prefer terms the Progressive Conservative conception of Canada's responsibility to its youth:**

**"This party regards it as a primary concern of government to establish a base of equality of opportunity for all citizens in health, education, training and employment."**

**"To broaden opportunity, we will encourage through grants the development of our secondary schools and colleges, and through the provision of financial aid to students, we will provide financial assistance to enable our young people, according to their abilities, to receive the highest education, professional training or our universities, at their own expense."**

**"We believe in and will encourage a broad system of recreation and cultural centers. These will be extended to the rural areas through assistance in the erection of community centers."**

**"We will establish a Youth Advisory Council, composed of representatives of youth from all the provinces. Its function will be to consider and make recommendations to the government on matters of policy affecting Canadian youth."**

**"The Progressive Conservative Party pledges itself to the achievement of these goals by policies which will assure jobs for workers at decent pay, a square deal for farmers, reduced confidence in the government's financial policy, and a national development plan for Canada."**

**Yes, Youth speaks from the platform of the Progressive Conservative Party, the program for workers at decent pay, a square deal for farmers, reduced confidence in the government's financial policy, and a national development plan for Canada."**

**Compare that with the best of men of the past. Youth speaks from the platform of the Progressive Conservative Party, the program for workers at decent pay, a square deal for farmers, reduced confidence in the government's financial policy, and a national development plan for Canada."**

### The Alberta Hail Insurance Board

For the most part, hail is a weather hazard that is not covered by the standard fire and theft policies of the insurance companies. The Alberta Hail Insurance Board was set up to provide coverage for hail damage to crops and livestock.

**How to get coverage:**

1. Low rates.
2. Hail only of the premium required at the time the application is written and the balance payable out of the crop in the fall.
3. Re-insurance adjustments (including 100% advance if crop is damaged over 40 percent).
4. Hail losses paid following complete adjustment.
5. March 1, thus insuring you money for spring work.
6. Adequate re-insurance facilities, thus absolutely guaranteeing payment of losses in accordance with the contract.

I would appreciate the opportunity of explaining the details of this plan of insurance to you and I trust you will give me that opportunity. Yours sincerely,

### Now Is The Time To Deliver Your Wheat Through Pool Elevators

FOR the remainder of the present crop year, that is, up to July 31, farmers may deliver any quantity of wheat they wish. After July 31, however, the 1965-66 delivery quota of 14 bushels per authorized acre will be in effect. This quota, set by the Wheat Board, will apply throughout the province and deliveries will be definitely limited to the amounts allowed to each farmer under it.

Now is the time, therefore, to get your wheat delivered, unless you wish to keep it on your farm as a reserve. The place to take it is your local Pool elevator. It is in your elevator, built by you to give service at cost. It will be to your advantage to use it.

## Dominion Day Celebration Draws Monster Crowd To Bashaw

Perfect Weather Contributes To Day's Enjoyment as Sports Program Is Presented—Parade Highly Commended—Dance Greatly Enjoyed

There were many competing attractions, but they did not prevent one of the largest crowds on record assembling here for Monday's Dominion Day sports. All committees had their duties well in hand and the good temper of the crowd readily overlooked such shortages and inconveniences as developed because of its numbers. Hereafter are somewhat incomplete reports on the day.

PARADE  
The parade was the last in years and got under way on schedule with Bashaw School Corps, both boys and girls, led by Alex Thomson, V.C. director, the way.

Man MacPherson's grades 3 and 4 classes marched in colorful array. The parade was definitely good, and some seven floats and decorated cars added a very genuine quota of beauty and originality to the parade.

## Crowds At Dedication Of New Zion Church

Dedication of the beautiful new Zion Lutheran church was the conclusion added according to capacity for three services on Sunday last. The pastor, Rev. G. C. Wadsworth, presided.

At the morning service, Rev. W. Wald of New Sampa delivered the dedicatory address. Special music was provided by the New Sampa band and choir for morning and afternoon services.

Rev. A. G. Gustafson, President of Synod, was the speaker at the afternoon service. In the course of his address Mr. Gustafson recalled that he had seen a Bashaw in the opening of the original Zion Church 25 years ago.

Rev. A. R. White, former pastor, came from Peace River district to share in the dedication, and he was quoted as saying that the church provided much more than a structure in the community.

## The Alberta Hail Insurance Board

As Alberta is more subject to hail than any other part of this continent, and to each year many Alberta farmers suffer loss by hail have no insurance, I urge that you consider the advisability of protecting your crops by insuring your crops.

In placing your insurance I trust you will favorably consider the purely co-operative plan of The Alberta Hail Insurance Board, for reasons I set out next. This plan has many advantages in addition to the fact that it is a co-operative plan of the hail.

1. Low rates.  
2. No loss of the premium received at the time the application is written and the business payable out of the crop in the fall.  
3. Equitable adjustments (including 100% recovery if crop is destroyed over 50 percent).  
4. Hail losses paid following complete adjustment and March 1st (even covering you money for spring work).  
5. Adequate co-insurance facilities, then adjustment, permitting payment of losses in accordance with the contract.

I would appreciate the opportunity of explaining the details of this plan of insurance to you and I trust you will give me that opportunity. Yours sincerely,

## Price Control And Rationing Information

**Q** How many coupons would each week for the purchase of a new car?

**A**—One brown "1¢" coupon would be issued each week.

Q—Who are we going to sell these to, purchase meat?

A.—One meat coupon equals one pound of meat. Using these coupons will cost you meat because it will be necessary to buy meat to the value of the coupon or coupons in a single purchase. Instead, take the coupons as change. Under this plan, you can give, in order to get off value for the coupon, any value you value in the coupon. For example, a coupon purchased, had to be taken at a meat purchase such as hamburger, etc.

### When Bards Needed It

At an inspection point, 100 cars collected of around 500,000 have been stolen. 12,000 have already been returned. This will reduce the traffic of cars that a special brigade police has been sent to London. The authorities initiated regular searches when they discovered that the Germans were using all sorts of tricks to get their best out of The Home Office. One of the most common methods were found hidden in a substance on the street and would be in some cases concealed on German women.

**No Matter in Sight**  
People in Britain Still Hope  
Furth And Need

Through long war years Britons have looked eagerly towards the day when the shops would have diverse and ample in a wide choice to satisfy their needs. During those years in death of the pre-war battle life there clothed the entire civilian population, with the aid of existing stores—and a tremendous amount of stock

and transport service requirements.

...have been lined up and written daily more threatening. They hoped for an increase in military aid. Instead they received more double blow; simultaneously, on the news of further cuts in the food ration they learned that the current supply of clothing coupons would have to last a month longer than originally stated.

**General Comments:**

There was one of those such-and-such-a-cup-of-coffee waitresses. When Flors ordered a cup of coffee and when the waitress returned, the car took a turn, the waitress followed suit and the coffee went into Winston's lap. The waitress dried her dress and then ordered another cup of coffee. "I'm sorry," the waitress said. "Only one cup to a customer."

The summer now five by and before we leave a we were back to school. On Monday morning we received our list of books and were all to purchase our year's supplies.

Tuesday morning we held an auction sale of old records, radio, school books etc. and continued for half a century. With the assistance of Donald Wherry as auctioneer, we raised \$6.40, which has been donated to the Junior Red Cross.

The attendance in our room is large again this year. Thirty-three have registered already and at least four more people are expected. The following are newcomers to our school, and Miss Westbrook and students must already welcome them: Catherine Kottman, Shirley McFadden, Billie Farris and Robert Kach in Grade IX; Ruby Southworth in Grade VIII and Norma Boney in Grade VII.

# THE BASHA STAR

Vol. 20, No. 20

Bashaw, Alberta, Wednesday, Oct. 3, 1941

T. M. Brimmond, Editor

## Thanksgiving Day Oct. 10th

Monday next is Thanksgiving Day. Thanksgiving Day is celebrated in Canada, and plans of business will be closed all day.

In order that The Star may go to the mails as usual on Wednesday morning, this office will be open all day Monday, to receive ads and advertising copy.

## Trinity Chapter, O.E.S., Entertains High Official

Mrs. Alice Spence, Worthy Grand Master for Alberta, paid an official visit to Trinity Chapter, Order of Eastern Star, here at Tuesday evening of last week. About thirty visitors from chapters were present during wretched weather and road conditions.

At the close of proceedings a delightful social hour was enjoyed, with refreshments served buffet style. The hall was beautifully decorated for the occasion.

## McGINNIS

Being the first story of a celebrated poet, the following is written for The Star by the 17-year-old sonneteer and

CHRYSTIE McGINNIS

McGinnis was a great beauty and I met him when he was two weeks old. When I climbed to the roof of the old attached one, and watched me up a while.

I got him out of the nest and with him home. I saw McGinnis in a box and kept him there until he got so big he wanted to go exploring, and time he got out all the time. By this time he was two months old.

He was a beautiful downy baby when I got him, which was in the second week of April.

The house was just after the beginning of March, so last year's harvest was in high state of season, ready for the birds to eat, which were very scarce and nearly none.

My wife and I were young to fly a kite and I was not sure of my own strength. I would like to see now and then the thought of him.

The first thing I did to build and set him on a fence post to observe the country. I saw some crows coming in, eating their birds all. Crows have been seen, and I did not like to see them there so I set up a small trap to see if I could catch one.

I shot two of the crows before they got away and lost it.

McGinnis got on the perch in the first week of May, and he was very tame. I heard some birds on the fence post to see if I could catch one.

## Fire Brigade Checks Early Morning Alarm

Only must work by the local fire brigade, coupled with the absence of the fire, prevented Bashaw experiencing the first alarm in the first fire.

The building occupied by the Miller Hardware in the early hours of last Thursday morning.

R. L. Miller, proprietor of Bashaw Hardware, discovered the blaze shortly before 6:30 a.m. He turned in an alarm and turned company of approximately about the store.

The fire brigade had two hours of work in second time, and though the flames had the roof of the latter structure well in their grip, the fire was declared out 30 minutes after the alarm was given.

The building which is owned by Mrs. Edith Adams, was damaged to the extent of several hundred dollars, and is in the upper part of the building suffered less from smoke and water, some of which is believed to be covered by insurance.

Comfortable loss was estimated by the Miller Hardware from the same cause, but the stock was insured.

The exact origin of the fire is so yet a mystery.

## Bashaw Legion Branch Welcomes Young Vets

The regular Legion meeting held last Thursday evening drew a splendid turnout of interested veterans on Friday, Oct. 3.

In the room of Nov. 11 falling on a Sunday this year, arrangements for Armistice Day observance were discussed from the usual program.

It was suggested that the most important be held on Nov. 11, at which the old veterans will attend a service (and which will be held in the hall) to be followed by a luncheon, at which new details will be given.

On Nov. 9 the annual Armistice dinner will take place. On Sunday, Nov. 11, there will be the customary "stand to" at 11 a.m., with a public service of remembrance to be held in the hall.

In the evening.

## Home Executive For Coming Leap Campaign

Barbara Link Way Francis Campaign was inaugurated at a meeting held at Legion Hall on Friday evening.

The executive office of the campaign was then organized in office, with Graham Brown being added to the staff force as assistant organizer.

The officers for the forthcoming campaign will be:

## Bob Crawford

W. W. Scott, who is 64 years of age, still gets around better than an off-color joke.

I wish business people would quit trying to advertise with circulars. They do litter up the postoffice floor.

Wonder what the kids are going to do this winter with no shelter at the skating rink.

Charlie Fricke is bright. He crossed his legs with parrots to save time hunting eggs. Now the hens walk up to him and say, "Charlie, I have just laid an egg. Go get it."

A friend of mine, who divides all his income with his wife, says the splitting of the atom is no new discovery.

Neveland's Men!

The guest time check at "The de France," which looked at Helen on Monday, turned four repeated visitors from Bashaw and district, including: Col. Edgar Primm and Col. Charles Knapp, both of whom have nearly last years service to their credit in the military with the RCAF, also Col. Edgar Schuch and Pvt. Gordon Schuchman, who have been in the force. These had expected to meet at the coming weekend, the exact time of arrival is not announced later.

Pvt. Dennis Reid, a veteran of four or six months, arrived from Thursday night and attended a service at the Legion hall.

have brought about narrowed price spreads on between grain, on between rough and dry grain and on between dried and natural lots.

Wheat was handled in the 1941-42 crop year on a narrower margin than has ever existed in North America and probably in the world.

It is the duty and privilege of the grain producers of this province to deliver their wheat to Alberta Pool elevators.

in Alberta Division Chapter

Dear Friends:

This letter is to say "Thank You" of the Canadian Red Cross Society was established on January 11, 1918, when first time when a group of women in the city of Toronto, Ontario, Canada, met to discuss the need of a service to help the war-torn people in Europe.

There is always a big job to be done in the service of the war-torn people in Europe. It is a big job, but it is a job that can be done. It is a job that can be done by the people of this country.

It is a job that can be done by the people of this country. It is a job that can be done by the people of this country. It is a job that can be done by the people of this country.

It is a job that can be done by the people of this country. It is a job that can be done by the people of this country. It is a job that can be done by the people of this country.

It is a job that can be done by the people of this country. It is a job that can be done by the people of this country. It is a job that can be done by the people of this country.

Originally designed for defensive roles, proved also to be a powerful weapon for offense, and it is predicted that it will be "as valuable in peace as it has been revolutionary in war."

Radar played a large part in the success of the decisive Battle of Britain. In this connection, Air Chief Marshal Sir Arthur Trenchard has stated that "it was the radar which was the key to our success."

Obtaining the element of surprise in the raids on England, I hope to thank of where we might have been. Early in the war it was used for the location of many planes in the skies over, and approaching England, but the radar was made over for other purposes. In several instances it was used to mask, possibly the bombing of ships at sea, regardless of fog conditions. It was also used to prevent the "blind ray" technique in naval gunnery, and it proved invaluable in the detection of many submarines. It was also used in the defense of our coast, and it was used in "sea-surface" operations and in "D" Day. It was the highly important factor in the success of that great amphibious operation.

**tribute Paid  
To Canadians**

In the closing months of the war in Europe, radar was used to overcome the effectiveness of the first flying bomb, and it was about to be successfully played against the V-2 weapon, when Germany's collapse ended their menace. Now that it is no longer required for war, radar will still be used for many purposes. It will remove many of the dangers of travel during foggy weather, and it is believed that it may be put to use in the future to control the flow of traffic and air traffic. Recognition was deservedly accorded by the scientists, but credit is given by them to Canada's part in its success. In the manufacture of radar equipment and the training of highly specialized technicians, many thousands of whom served in Britain, Canada has made an important and valuable contribution to this great scientific development.

 Abraham Lincoln was found it necessary to regulate the efforts of a secretary to the secretary and his competent application for the post of doorkeeper of the House of Representatives, which the president had given quietly and unobtrusively, without hurting his feelings, in this manner:  
 "You may want to be doorkeeper of the House of Representatives."  
 "Yes, Mr. President."

"Have you ever had any experience in deserting?"  
"Well, no actual desertion, sir."  
"Any theoretical experience? Any instructions in the duties and ethics of desertion?"  
"No sir."  
"Have you read any text on the subject?"  
"No."  
"Have you ever conversed with anyone who had read such a book?"  
"No, sir. I've afraid not, sir."  
"Well, then, my friend, don't you see that you haven't a single qualification for this position?" asked Lord Larches, in a reproachful tone.  
"Yes, I do," said the applicant, and with a look of intense gratification.

## The Alternative

Grain producers who want to build up an elevator system for their own service and welfare will patronize Pool elevators.

The alternative is to build up wealth and power for private undertakings.

The sensible method is for farmers to patronize the farmers' own cooperative organization.

# **MODERN SYNTHETIC RUBBER Now Used In The Manufacture of Many Alberta Autos**

Modern synthetic rubber is now being used in the manufacture of many Alberta autos. This is a very important development for the province, as it allows for the production of high-quality rubber products at a much lower cost than traditional methods. The use of synthetic rubber is particularly beneficial for the automotive industry, as it allows for the production of more durable and flexible components.

# **Dominion Government Developed Oil Wells In Alberta Foothills As A War Emergency Effort**

The Dominion Government has developed oil wells in the Alberta foothills as a war emergency effort. This initiative was taken to ensure a steady supply of oil for the war effort, as the province's oil reserves were being depleted. The government's actions have been praised for their effectiveness in addressing the oil shortage.

**Your Doctor's Magic Eye!**

Just fifty years ago this November, Roentgen discovered the X-ray—another's power—energy in the war against tuberculosis.

The X-ray is not a cure, but a means of early diagnosis... finds TB when it can be cured more easily and before it spreads.

Your purchase of Christmas Seal helps to protect it-*my* equipment and to encourage its widespread use—one of the major activities of the Canadian Tuberculosis Association and its affiliated organizations.

This year your dollars are needed more than ever before—to guard against a post-war TB flu. Please, send in your contribution today.

## Alberta Residents May Have Trees, Shrubs

The Forestry Division of the Department of Lands and Mines again emphasizes the importance of planting trees for shelter belts, windbreaks and woodlands in Alberta and Saskatchewan.

Since the spring of 1932 many hundreds of thousands of trees have been distributed throughout the Province for these purposes by the Alberta Forest Service and many agencies since have been benefited by the policy.

The results are becoming increasingly gratifying as the trees distributed several years ago are now offering protection against wind blowing, the high winds that are prevalent on the prairie and thus are improving living conditions and beautifying the home surroundings.

Woodlots planted on marginal and sub-marginal parts of the farms are proving very beneficial in providing fuel, and in some cases all of the farm requirements can be met as well as the business required from time to time on the farm.

A great many Red Oak trees have been distributed by the Alberta Forest Service in past years and these species have proven highly as a great part of the Province.

A large portion of the Oak and Red Oak are available for distribution at the age of 1946 and it is suggested by the Forest Service that each applicant indicate a number of these in their applications.

Trees free of charge, the request requiring the express charges covering shipment of the trees to be paid by the Forest Service to farmers in the Province for the following purposes:

1. For planting with natural Poplar or Willow hedges.
2. For replanting in established woodlots or shelter belts.
3. For small orchards, demonstration plots.

From now on available for distribution of new seedlings and other trees. Persons requiring trees for the above purposes should secure them from commercial sources, and for the latter application should be made to the Dominion Department of Agriculture, Tree Planting Division, Ottawa, Ontario.

In addition to the above, citizens of Laramie and Weyburn, Saskatchewan and North-west Poplar will be available. All applications must be filled in and received in the office of the Director of Forestry, Administration Building, Edmonton, before January 31st, 1946, otherwise they will not be given consideration.

On Friday night, Friday, December 13th, 1946, the following trees will be available for distribution at the rate of one tree per acre of land to be planted in shelter belts or woodlots.

## Mr. and Mrs. Spokren Married 25 Years Ago

On Thursday evening, Nov. 29, a large number of friends from near and far gathered at the home of Mr. and Mrs. P. W. Spokren to offer congratulations and best wishes on their 25th wedding anniversary.

A short program was arranged in their honor. Mr. Alphonse DeLoraine acted as emcee. Mrs. Spokren and Mr. DeLoraine sang a duet, "When You and I Were Young, Boys." Mrs. G. Spokren gave a reading. Mrs. A. DeLoraine sang a solo, which Mrs. G. Spokren prepared a toast to the bride couple.

Another toast, the one by Mrs. DeLoraine and Mrs. Anna Olson, was followed by a much wedding which was well received.

Mr. Philip Malherbe made the presentation of a purse of money, and other gifts to the bride couple.

The bride and groom previously thanked all those who were present at this occasion in their home.

The bride of 25 years ago remained in a high gown, and was in excellent condition of health and beauty, the gift of all.

Use the Want Ad column. Then sit back and watch results.

## Christmas Customs In Norway and Sweden

In many districts of Norway and Sweden every child has on Christmas day a visit from two gnomes and two fairies. The gnomes are called "Troll" and the fairies "Fairy". The gnomes are dressed in red and blue, and the fairies in white and gold. They come to the children's beds at midnight and leave them with a gift.

## Local News

A very fine edition of the town was made last Monday evening.

Reverend Canon J. H. McLean, of the Anglican Church, will deliver the Christmas Eve service on Friday, Dec. 21. Classes will meet as usual.

Conrad Hagen, son of Alton, was returning to his home in the town last night. He was driving a car when he was struck by a truck. He is now in the hospital.

John M. Miller, proprietor of Bashaw Meat Shop and George, has received from the town a letter of commendation for his service to the community. He is now in the hospital.

Mr. Miller is a well-known figure in the town. He has been in the town for many years and has been a member of the town council. He is now in the hospital.

## Local and Personal

The Star's Phone is No. 48

Elmer Wing was about the hospital  
day Lady Wilson on his last coming  
sitting in Bashaw on Thursday last.

Whist Drive and Pie Social at  
Manfred School on Fri'ay, Dec.  
28. Ladies bring pies.

Jack Magan arrived home Friday  
from Edmonton, where he is taking an  
accommodancy course. He will return after  
Christmas vacation.

No one of The Star next week!  
Miss Shirley Morgan, who is employed  
in the C.N.R. office at Edmonton, is  
quitting Christmas at home.

Mr. and Mrs. Ted Ruk and baby  
Friday evening for Vancouver,  
where they will spend a holiday with  
relatives.

J. H. Blaney, agent for the Alberta  
Wheat Pool here, was called to Seattle  
on Thursday, his father being reported  
very ill.

The Christmas Giving time was  
brought on just before Christmas. The  
weather through Christmas Week was  
fairly mild and sunny, but moderating  
conditions are promised.

Lac. Matt Ross, a veteran of four  
years service overseas with the RCAF,  
is now home for Christmas with his baby  
after two months of treatment at an  
Eastern hospital. Matt, who served in  
combat crew, was thrown from a truck  
last July and suffered a leg fracture. He  
is able to get around with aid of a cane  
but with some difficulty.

Col. W. R. Trout, who had stopped  
over to visit Christmas relatives, arrived in  
Bashaw Thursday noon and received a  
warm welcome from family and friends.  
Bill has been overseas two and a half  
years with the Army Medical Corps,  
and most of our own wonderful friends  
have contacted him in hospital at Birmingham.

Just about the best ever! is the verdict  
on the 25th of the annual Christmas  
celebrations sponsored by Bashaw School  
in the hall on Thursday evening. The  
vocal members on the program found  
much favor indeed with the big audience  
and music is accorded both pupils and  
teachers.

Trinity Chapter O.E.S. held an abso-  
lute tea recently in honor of Mrs. Puffer  
who is to take up residence in Ed-  
monton. The affair was so well plan-  
ned, with prizes being awarded Mrs. P.  
F. Wilcox and Mrs. Don Ruk. What  
was served the wonderful women, Mrs.  
Foster Puffer, presented Mrs. Puffer  
with a perfect gift.

A veteran of four and a half years  
overseas with an artillery unit, Corporal  
Jack Louder arrived home on Sunday  
last in good time to spend Christmas  
with family and friends. Jack served  
with the Cavalry in the Chinese theatre  
and fought throughout the Western Eu-  
rope campaign, being in Germany when  
the Nazis gave in. We are glad to hear  
that he came through it all without being  
wounded.

## Mourning Crew—Concluded

quarantined for eight days in hospital there.

Mr. J. H. Jones and Edith and  
Ruth spent Thursday and Friday with  
Mrs. Jack Morgan, who has recently  
moved into her new home in Bashaw  
Creek.

Miss Lillian Gaudin, junior teacher,  
left on Friday to spend Christmas at the  
home of Mr. and Mrs. H. H. Smiley  
in Edmonton.
